*International Relations--Still an American Social Science?* Robert M.A. Crawford, Darryl S.L. Jarvis, 2001-01-01 Challenges the parochialism and Americanization of the field of International Relations

**Decolonising International Relations** Nirmal Jindal, Kamal Kumar, 2025-09-12 This volume critically analyses the theories and concepts of international relations IR which will be instrumental in understanding IR from a non western perspective Owing to its emphasis on the need to decolonise the discipline of IR alternate perspectives from the global South have been explored and discussed in detail The book provides new insights to make the discipline more inclusive universal and contributory to world peace and security It lucidly enumerates on the concepts of state sovereignty power conflict security diplomacy human rights development market inequalities and migration from a non Eurocentric lens bringing distinct perspectives and experiences to the fore Expanding on the Indian foreign policy of Vasudev Kutumbakam it highlights India's policy of multi alliances and

multilateralism and also refers to India's contributions during the COVID 19 pandemic and its drive to champion the cause of marginalised nations by reforming international institutions and pressing for development with sustainability. It is testament to India's commitment to global security through cooperation and collective action. This book will be useful to the Departments of Political Science, Global Studies, International Studies and South Asian studies. It will be an indispensable resource for researchers, social scientists and general readers interested to understand the theories and key concepts of IR especially from an Indian perspective.

United States and Africa Relations, 1400s to the Present Toyin Falola, Raphael Chijioke Njoku, 2020-09-01. A comprehensive history of the relationship between Africa and the United States. Toyin Falola and Raphael Njoku reexamine the history of the relationship between Africa and the United States from the dawn of the trans Atlantic slave trade to the present. Their broad interdisciplinary book follows the relationship's evolution tracking African American emancipation, the rise of African diasporas in the Americas, the Back to Africa movement, the founding of Sierra Leone and Liberia, the presence of American missionaries in Africa, the development of blues and jazz music, the presidency of Barack Obama and more.

*Law and Moral Action in World Politics* Cecelia Lynch, Michael Maurice Loriaux, 2000. Defined by custom and treaty and now increasingly embodied in charters, regulations and resolutions of international organizations, does the existence of international law point to progress in humankind's capacity for moral conduct? Or does the lack of a discernible ethical foundation in either law or political action make progress impossible to define? In *Law and Moral Action in World Politics*, the authors, activists and scholars of international law and international relations, pose these questions in new ways. Some adhere to a progressive reading of the law, others adopt a critical stance. Topics included: the function and historical evolution of the law, the cultural and intellectual assumptions of influential legal texts and the experiences of legal activists in using law to pursue moral ends, including the rights of indigenous people and the protection of international law itself.

International Relations M. Nicholson, 2002. A primer to the study of international relations, this book outlines key theories, traditional approaches and long time controversies, focusing on the legacies of imperialism and the accelerating pace of globalization.

*UN Robust Peacekeeping* K. Nsia-Peptra, 2016-04-30. This book examines the emergent conviction that UN robust peacekeeping works better than UN traditional peacekeeping in reducing civilian killings within contemporary post cold war violent civil wars. In an unprecedented study, Nsia Peptra has systematically and empirically documented the relationship between robust peacekeeping and civilian killings in violent civil wars using both statistical and case study models. His research engagingly expounded upon in *UN Robust Peacekeeping* indicates that robust peacekeeping works better than traditional peacekeeping in lowering civilian killings by spoilers in violent civil wars. His book also presents the concept of a formidable barrier model of robust peacekeeping success using the game theoretical model. It makes policy recommendations to enhance the UN's capacity to protect civilians from human rights violations, including a unified coherent doctrinal definition for robust peacekeeping, an operational doctrine on the use of force and improved UN intelligence.

capacity Nsia Pepra also suggests employing the GA 1950 Uniting for Peace Resolution as well as robust mandates common training doctrine pre deployment training improved UN intelligence capacity major power participation implementation of R2P and US objective global leadership      **Revel for International Relations -- Combo Access Card** Jon C W

Winkler, 2012-08-21 This book examines the many attempts over the last three decades to revise Japan s constitution As the book shows these attempts at revision have been relatively conservative aiming to embed in the constitution visions of a different future for Japan Specific reforms advocated include enabling Japan to have a more proactive foreign policy more independent of the US Japan alliance strengthening the role of the Emperor and excluding female succession to the throne and emphasising more citizens duties rather than their rights in order to strengthen community and societal cohesion By far the most comprehensive analysis of constitutional reform debate in Japan to be published to date it offers translations and analysis of more than two dozen amendment proposals The book provides a comprehensive analysis of the details of the reform proposals charts the so far

unsuccessful attempts to bring about the reforms discusses the different groups arguing for reform and assesses the nature of the proposed reforms. It categorises different versions of the vision for Japan's future and shows that only a few campaigners are advocating anything like a return to Japan's pre-war constitution. International Relations Joshua S. Goldstein, Jon C. Pevehouse, 2007-07. The top selling text in its field. International Relations is acclaimed for offering the most current and comprehensive coverage of international relations theory, international security, international political economy and global issues. From war, trade and development to terrorism, human rights and the environment, this introductory survey examines the relations between states, the international system and transnational actors and influences. With the broadest discussion of theoretical perspectives, the most up-to-date coverage of international events and the strongest emphasis on critical thinking, International Relations includes all the tools students need to engage the discipline's concepts and to understand what is happening in the world today. Joshua Goldstein and Jon Pevehouse's lively writing, abundant visuals and seamless integration of learning technology make this text a favorite of instructors and students alike. **India's Maritime Strategy** Shishir Upadhyaya, 2019-09-05. The first book by a former Indian naval intelligence officer on Sino-India relations. India's Maritime Strategy provides a unique insight into the Indian Navy, tracing its post-independence growth and discussing its transformation and future in the 21st century. In the context of the rise of China's maritime power in the Indian Ocean, this book provides a nuanced view of the extent and scope of India's maritime reach and the effect of this on Sino-Indian competition. Challenging the view that by developing a favourable environment alone India could seek to maintain its balance of power with China, it is argued that despite durable bilateral security ties with most regional states, India's maritime aspirations to be the primary net security provider for the region are unsustainable in the long term. This book presents a comprehensive coverage of India's bilateral maritime security engagements with all the Indian Ocean regional states as well as the US, France, UK and Russia. As such, it will be useful to students and scholars of Indian and South Asian politics, international relations and maritime security. Regional Integration in the Asia Pacific: Issues and Prospects OECD, The Bob Hawke Prime Ministerial Centre at the University of South Australia, 2005-04-28. This report, published by the OECD's International Futures Programme in co-operation with the Bob Hawke Prime Ministerial Centre in Australia, aims to stimulate informed debate about the main integration issues facing the Asia Pacific region in the Justice and Peace Milburn J. Thompson, 2015-03-31. Blood Oil Leif Wenar, 2016. In this sweeping book, one of today's leading political philosophers, Leif Wenar, goes behind the headlines in search of the hidden global rule that thwarts democracy and development and that puts shoppers into business with some of today's most dangerous men.
