Critical and Creative Research Methodologies in Social Work Lia Bryant, 2016-03-09 Social work research is concerned with complex social issues closely connected to communities of people who are marginalized and oppressed This volume develops critical and creative research methodologies that place questions of social justice at their centre and take innovative approaches to collecting analysing interpreting and presenting research data The first section of the book examines textual data produced from an array of methodologies focused on the spoken and or written word These approaches allow those who are often silenced to speak by providing space and time to capture memory and meanings that may not come to light in a time driven structured research method like an interview or a questionnaire The second section of the book discusses visual methods including an examination of historical artefacts like photographs and objects and participant engagement with art

specifically clay sculpture and drawings Both sets of methods examine the concept of time that is how we understand time as in our past memories how we develop relationships and knowledge over time These creative and critical methods provide new insights into ways of undertaking social research in social work which captures the complexity of social experiences problems and meanings that are more often than not embedded in time and place *Enhancing Curricula with Service Learning Models* Valarmathi, Sharon, Kareem, Jacqueline, Tania, Veerta, Babu, Kishore Selva, Lucas, Patrick Jude, 2024-05-20 In today's digital age technological advancements permeate every sector especially higher education However higher education must go beyond merely integrating AI into the curriculum Additionally it needs to prioritize educating students about societal issues Integrating service learning into higher education curriculums however is a significant challenge facing schools today There is a need for comprehensive research on its effectiveness and guidance on institutionalizing it effectively This hampers its potential to foster civic engagement and social responsibility among students With clear strategies and best practices institutions can implement service learning programs that benefit all stakeholders *Enhancing Curricula with Service Learning Models* provides a comprehensive blend of theoretical frameworks practical experimentation and real world examples to guide educators administrators and policymakers in fostering profound student engagement It emphasizes the role of emerging educational paradigms like service learning in instilling a sense of civic duty and purpose in students By enriching the educational dialogue with an emphasis on the pivotal role of student engagement in creating transformative and purposeful learning experiences this book empowers educators and institutions to create impactful and sustainable programs

Voices from Criminal Justice Heith Copes, Mark Pogrebin, 2016-11-25 *Voices from Criminal Justice* Second Edition gives students rich insight into the criminal justice system from the point of view of practitioners as well as outsiders citizens clients jurors probationers or inmates These qualitative and teachable articles cover all three components of the criminal justice system ensuring students will be better informed about the daily realities of criminal justice professionals in law enforcement courts and corrections At the same time the juxtaposition of insider and outsider views allows students to look beyond the actual content of the articles and develop their own views about the functions and flaws of the criminal justice system on a societal level This innovative reader now with seven new articles designed to stimulate discussions and promote critical thought is perfect for undergraduate criminal justice courses in the United States and has proven to be an effective companion or alternative to traditional introductory textbooks *Voices from Criminal Justice* Second Edition also offers a framework for more advanced students in special issues or capstone courses to synthesize information from earlier courses and develop their own view of American justice
