Justice Settings Michael G. Vaughn, Carrie Pettus-Davis, Jeffrey J. Shook, 2012-09-01 There has been a surge of recent interest by social work researchers in conducting research in criminal and juvenile justice settings This is largely fueled by the tremendous increase in incarceration over the last several decades with millions more in probation or parole at any given time Rising expenditures strain state and local budgets and many individuals are spending much of their adolescence and young adulthood in correctional facilities Despite the profound impact that the criminal justice system has on client populations served by social workers and related professions there are few practical resources available to guide research in these settings This Pocket Guide fills a critical gap in the literature by providing state of the art techniques for researchers graduate students and agency administrators Research in criminal justice settings represents unique challenges that require rigorous designs and a suite of methods as well as the tools to navigate a complex system With this accessible and practical guide readers will encounter a wide range of study types and data sources along with strengths and weaknesses to consider with each as they conceptualize implement and analyze their research Crucially the authors also provide advice on how to gain and manage access to these settings as well as templates for preparing a successful Institutional Review Board application Step by step procedures elucidate the use of extant and administrative data and practical case examples sample forms and measures will help researchers implement their studies quickly and effectively **Children's drawings:**

Evidence-based research and practice Matteo Angelo Fabris, Monica Shiakou, Claudio Longobardi, Christiane Lange-Küttner, 2023-08-24 **Handbook on Moving Corrections and Sentencing Forward** Pamela K. Lattimore, Beth M. Huebner, Faye S. Taxman, 2020-11-10 This volume addresses major issues and research in corrections and sentencing with the goal of using previous research and findings as a platform for recommendations about future research evaluation and policy The last several decades witnessed major policy changes in sentencing and corrections in the United States as well as considerable research to identify the most effective strategies for addressing criminal behavior These efforts included changes in sentencing that eliminated parole and imposed draconian sentences for violent and drug crimes The federal government followed by most states implemented sentencing guidelines that greatly reduced the discretion of the courts to impose sentences The results were a multifold increase in the numbers of individuals in jails and prisons and on community supervision increases that have only recently crested There were also efforts to engage prosecutors and the courts in diversion and oversight including the development of prosecutorial diversion programs as well as a variety of specialty courts Penal reform has included efforts to understand the transitions from prison to the community including federal led efforts focused on reentry programming Community corrections reforms have ranged from increased surveillance through drug testing electronic monitoring and in some cases judicial oversight to rehabilitative efforts driven by risk and needs assessment More recently the focus has included pretrial reform to reduce the number of people held in jail pending trial efforts that have brought attention to the use of bail and its disproportionate impact on people of color and the poor This
