Random Thoughts on Life, Love, Laughter and Living for Jesus Dave Maynard,2021-09-22 This book was a long time coming God had to take me through a lifetime of learning to prepare me for writing this book There are three areas that He impressed upon me to write about The first was to write about the life lessons that He has taught me Things like how to be a better more loving husband how to take control of my life by planning for and accomplishing things and how to use the gifts He has given me The second was to make apologetics understandable Apologetics is rationally and credibly defending the faith I've had a passion for this ever since I've been a believer Christianity is not just subjectively true It's objectively true It

is factually true and can be proven so beyond a reasonable doubt The third was to highlight some of the lesser known Christians and how God used them to make a difference in our world I hope the lessons contained in this book will bless you as they have blessed me in learning them But even more than that I hope they will draw you closer to Jesus **The**

Liberating Mission of Jesus Dario Andres Lopez Rodriguez,2012-06-14 The Liberating Mission of Jesus deals with the central message of the Gospel of Luke provocatively arguing that the liberating mission of Jesus has two central themes the universality of the love of God and the special love God has for the defenseless of society Both of these pillars form the bedrock of Luke s theological vision animate his Gospel throughout and summarize the good news of the reign of God in subversive and radical form This book shows how the liberating message announced by Jesus as well as his liberating practice is manifested throughout the Gospel and its implications for Christian life today Through this thorough treatment the full depth of Luke s vision of the liberating mission of Jesus is shown to be a paradigm for the personal and collective witness of believers regardless of the social political cultural or religious boundaries that try to inhibit them from giving witness to the God of life **New Perspectives for Evangelical Theology** Tom Greggs,2009-12-04 This title addresses some of the major themes within evangelical theology including election the Holy Spirit eschatology and sanctification It examines the Bible and the Church and has chapters on worship and the sacraments *Written to Be Heard* Paul

Borgman,Kelly James Clark,2019-03-14 Recovers the lost messages of Mark Matthew Luke Acts and John for people today The words of the gospels were meant to be heard While we can still appreciate the construction and grasp some understanding when we read we miss much of the message because we re working in the wrong medium In *Written to Be Heard* Paul Borgman and Kelly James Clark offer the keys to recovering the radical relevant messages of each gospel as they were first heard The shaping of the gospels for oral performances which would have been obvious to ancient mostly preliterate listeners is lost on even the best contemporary reader With careful analysis of the gospel writers particular voices within their own ancient literary context Borgman and Clark equip readers to read as if hearing focusing on overlapping patterns of hearing cues that shape each text and embed theological perspective *The Modern Version Incursion* Ken Matto,2018-04-10 I wrote *The Modern Version Incursion* because there is a need in the church for Christians to see plainly that the modern versions of the Bible are counterfeits God wrote one Bible not three hundred The Bible tells us plainly that God s word is forever settled in heaven as Psalm 119 89 teaches This means the word of God is established and firm in heaven The modern versions attack the cardinal doctrines of the Christian faith and especially attack the Lord Jesus Christ The modern versions are based on the second century Gnostic beliefs that were prevalent in Alexandria Egypt They disbelieved that Jesus was the Son of God and that He was not the incarnation of deity What is really unhealthy is when the pastor of a church pushes these counterfeits and convinces their congregation that they are the most accurate I sincerely desire Christians to look at their modern version and then compare it with the King James Bible and ask the question why is

theirs so different We will look at 747 verses which should be more than enough to convince even the skeptic Christians will search out a neighborhood to live in check out a mutual fund or stock research a car before they buy but when it comes to Bibles they couldn't care less what they use It shows how Christian commitment is lacking and the weakness of modern Christianity attests to that fact If one uses a counterfeit they will be weak in their walk Since the 1901 ASV came out the church has become so weak it needs to be put on life support When you start making the comparisons in this book you will see that Christianity has been sold a bill of goods The Acts of the Apostles M. Dennis Hamm, 2005 Complete biblical texts with sound scholarly based commentary that is written at a pastoral level the Scripture translation is that of the New American Bible with Revised New Testament and Revised Psalms 1991 Provided by publisher *The Practice of Healing Prayer* Francis MacNutt, 2010-09-01 Most Catholics did not grow up learning how to pray with others for healing or to expect that their prayers could be powerful and transformative In this book Francis MacNutt an early leader in the Catholic Charismatic Renewal and head of Christian Healing Ministries encourages Catholics to do both This easy to read and informative book includes a step by step guide for how to pray with others through the laying on of hands explains the various types of healings that we can expect physical emotional and spiritual discusses the healing effects of the sacraments features many stories of people who have been healed through prayer This book will help Catholics view healing prayer as an integral part of their life in Christ and step out in faith by praying with others and by asking for prayer when they need healing
