CONTAINING VALUABLE DATA INFORMATION IN EASY TO READ FORM THAT YOU WILL NEED TO OBTAIN MAXIMUM BENEFIT AND ENJOYMENT OF YOUR MORTAL EXPERIENCE

Primarily its designed to find fast accurate reliable information about a great variety of questions For example I get asked a lot of questions about god without a hint of their meaning or definition of the god subject of the question Is there a god or even any form of god The answer is yes or no depending ENTIRELY on your interpretation or understandings or even unfortunately influences external to yourself We say thank god Should we all freely say this Yes of course and with grace and gratitude But who what where and why is this god Is he she it internal or exterior to yourself Or indeed both of those We can confidently and freely remove the awe sacred or grovelling fear or reverence and endless worship adoration imposed by millennia of vain religion Its all inside this user guide

God: A User's Guide Sean Moncrieff,2016-05-10 Jesus spent decades in India Ethiopians not Jews are the real chosen people A religion in Iran predicted the Virgin Birth hundreds of years before Christ Abraham was an Iraqi Lenin was a Saint Worms have souls There s no such thing as the Holy Trinity All religions are the same These are not conspiracy theories but the genuine beliefs of the some of the world s major religions In God A Users Guide broadcaster Sean Moncrieff takes us through the history and development of the twenty largest religions in the world in the process demonstrating that the truth is far more compelling than the fictional accounts In the name of religion millions have been killed and millions have been saved Political dynasties have been built on the back of religious belief or been destroyed because of them The history of religion is one of tyranny betrayal sacrifice generosity and faith where the same facts have often brought believers to dramatically different conclusions From religions which have a multiplicity of Gods to religions which have no God at all God A Users Guide demonstrates how the vast majority of the world s religions did not develop in isolation but were influenced by already existing belief systems We have far more in common than you might think
