African Indigenous Medical Knowledge and Human Health aims to provide a catalyst for health innovations based on the rich African biodiversity and AIMK. The book documents some of the success stories from the continent related to AIMK and serves as a one step reference for all professionals interested in the research and development of medical interventions including pharmacognosists, ethnobiologists, botanists, phytochemists, pharmacologists and medical scientists. Emerging Infectious Diseases, 2016. Handbook of Micro Health Insurance in Africa Hans Jürgen Rösner, 2012. Micro health insurance is an emerging concept to reduce poverty and social exclusion and improve health care access. The Handbook of Micro Health Insurance in Africa gives an overview of the challenges and needs in the field of micro health insurance. Focusing on Sub Saharan Africa where universal social health protection still has a way to go, the Handbook provides an introduction to the relatively new and promising approach of micro insurance as a risk management tool for low income households between the market self help and the state. This book is an output of the project Pro MHI Africa which is funded by the European Union and directed by the University of Cologne in cooperation with the University of Botswana, the University of Ghana and the University of Malawi.
