Nursing Home Federal Requirements James E. Allen, 2010-11-24. The book lists all the federal requirements that are evaluated by state surveyors during the annual survey visit to nursing homes and for complaint visits. The exhibit section contains forms used by surveyors to gather data during the survey visit. Visually the format makes the regulations easy to read. If nursing home staff used the book to prepare for a survey, they would be well prepared. Marcia Flesner PhD RN MHCA, University of Missouri Columbia. From Doody's Review. The Federal government together with more than 50 advocacy groups has spent the past 40 years writing and refining the rules and guidelines in this manual. This book presents the latest federal guidelines and protocols used by federal surveyors in certifying facilities for participation in Medicare and Medicaid funding. It is an essential resource for long-term care facilities to have on hand to be ready for a survey at any time. It provides information straight from CMS's Internet Only Manual in print and at your fingertips for easy access. Divided into four accessible and user-friendly parts, this manual includes Federal requirements and interpretive guidelines, Rules for conducting the survey, Summary of the requirements for long-term care facilities and surveyors, CMS forms commonly used by surveyors. This newly updated and revised edition spans every aspect and service of a nursing home and represents the latest requirements to ensure that outstanding quality assurance and risk management programs are in place. New to This Edition: Section on how to use manual, Summarization of federal requirements, Updated definitions of Medicare and Medicaid, Compliance requirements with Title VI of the Civil Rights Act of 1964, SNF Hospice requirements when SNF serves hospice patients, SNF-based home health agencies, Life safety code requirements, Changes in SNF provider status, Surveyor qualifications standards, Management of complaints and incidents, New medical director guidelines.

Multidisciplinary Care of the Head and Neck Cancer Patient Ellie Maghami, Allen S. Ho, 2018-02-12. This book identifies key treatment challenges and unique care considerations in patients with head and neck cancers, providing a comprehensive guide to patient management that illustrates the critical importance of a multidisciplinary approach in achieving optimal oncological, functional and survival outcomes. It covers all relevant specialties including dental and oral medicine, medical oncology, radiation oncology, surgical oncology and reconstructive surgery. It highlights the vital role played by ancillary head and neck cancer services such as speech and swallowing therapy, occupational and physical therapy and nutritional therapy in offering essential physical and psychological support from the time of diagnosis onward. The closing chapters address post-treatment issues including those relating to survivorship surveillance and end-of-life care.

Multidisciplinary care is perhaps even more important for patients with head and neck cancers than for other cancer patients and in addressing all its aspects this book is invaluable for a wide range of practitioners
