## Mid Life Love:

**Sexuality in Mid-Life** Stephen B. Levine, 1998-02-28 I wrote *Sexuality in Mid Life* to assist clinicians in considering love sex intimacy and dysfunction as they occur in this epoch of the life cycle The chapters reflect my belief that understanding the processes of living is vital for both the therapist and the patient Despite my preoccupation with creating a cohesive book I often thought of these 11 chapters as essays because in this prose form it is traditional for the author to be palpably present in the text I tried not to hide behind the passive constructions of typical psychiatric books I wanted to create a book that did not restrict itself to scientific findings clinical experiences or ideological traditions I wanted to discuss relevant issues that were generally avoided by professionals In approaching the topics of love extramarital affairs and menopause for instance I hoped to emphasize the developmental potentials inherent in both mid life's smooth sailing and its underappreciated adversities *Sexuality in Mid Life* is my third solo authored book During the writing of the first two I thought I was painting a picture of the life cycle of sexuality When a young woman said something complimentary to me about *Sex Is Not Simple* and quickly added that I had left out any consideration of the sexuality of pregnancy I was stunned by my oversight *How to Survive Your Husband's Midlife Crisis* Gay Courter, Pat Gaudette, 2003 Explains how to deal with a husband's mid life crisis covering topics including infidelity thrill seeking behavior and financial irresponsibility and deciding whether or not to continue with the relationship
