*English Mechanic and Mirror of Science* ,1869      *Serial Revolutions 1848* Clare Pettitt,2022-02-10 1848 was a pivotal moment not only in Europe but in much of the rest of the world too Marx s scornful dismissal of the revolutions created a historiography for 1848 that has persisted for more than 150 years Serial Revolutions 1848 shows how far from being the

failure that Karl Marx claimed them to be the revolutions of 1848 were a powerful response to the political failure of governments across Europe to care for their people. Crucially this revolutionary response was the result of new forms of representation and mediation until the ragged and the angry could see themselves represented and represented as a serial phenomenon such a political consciousness was impossible. By the 1840s the developments in printing transport and distribution discussed in Clare Pettitt's *Serial Forms: The Unfinished Project of Modernity 1815-1848* (Oxford University Press, 2020) had made the social visible in an unprecedented way. This print revolution led to a series of real and bloody revolutions in the streets of European cities. The revolutionaries of 1848 had the temerity to imagine universal human rights and a world in which everyone could live without fear, hunger or humiliation. If looked at like this the events of 1848 do not seem such poor incidents as Marx described them nor such an embarrassing failure after all. Returning to 1848 we can choose to look back on that springtime of the peoples as a moment of tragicomic failure obliterated by the brutalities that followed or we can look again and see it as a prophetic moment of stored potential, an extraordinary series of events that generated long distance and sustainable ideas about global citizenship, international co-operation and a shared and common humanity which have not yet been fully understood or realised.

**A Viking's Shadow** H L Marsay, 2021-08-12. The shadows of the past are never far away. Detective Chief Inspector John Shadow is doing his best to ignore the madness of York's annual Viking Festival when duty calls. The body of a wealthy businessman who was playing the role of the Viking king is found slain by his own ancient sword. The murder scene looks staged but before Shadow can compile a list of people to question a second body is found. Shadow doesn't have to look far for suspects: the victims were by no means model citizens. John Shadow is a man of contradictions. A solitary figure who shuns company but is a keen observer of all he meets. A lover of good food but whose fridge is almost always empty. He prefers to work alone but is ably assisted by the eager Sergeant Jimmy Chang. Together the two men navigate a web of corruption and family drama to solve the murders before the killer can strike again.
