It also includes new content on ecofeminism, neurobiology, neurotransmission, and behavior, feminist standpoint theory, theories of bisexual and transgender identity development, the role of shame in women's development, ethnic cultural identity development, and cultural competence theories of political economy and transpersonal theory. Theories for Direct Social Work Practice Joseph Walsh, 2006 Incorporates concise, comprehensive coverage of eleven major clinical practice theories that social workers commonly use in their assessment, planning, and intervention tasks with individuals, families, and groups. **A Brief Introduction to Social Work Theory** David Howe, 2009-05-01 This textbook offers the perfect introduction to the complex world of social work theory, giving a concise yet comprehensive overview of how practice is influenced by each theoretical approach described.
