Schehr, 1995 Focusing on works by Rene Crevel Jean Paul Sartre Roland Barthes and Herve Guibert this book studies how the figures of homosexuality function at the limits of narrative as part of the deep structure of narrative and at the border between public and private discourse The first three chapters follow the difference between inside and outside between public and private between what is known and what can only be surmised The homosexual Rene Crevel who is both inside Surrealism and outside it forces us to reread the marginalized figure of homosexuality in Surrealism Crevel is discussed in light of his most important work *Mon corps et moi* a sustained effort to negotiate the problems of public and private personae Long before concentrating on Jean Genet Jean Paul Sartre often turned to the subject of homosexuality in his writings of the 1930s and 1940s The figures and forms of homosexuality in Sartre s work are shown to relate to a phenomenology of perception to a persistence of the relation between vision and knowledge and to a set of narrative ploys that put Sartre s own relation to homosexuality in a new light The last of these three chapters focuses on Roland Barthes with a retrospective glance at Andre Gide through an examination of their travel and confessional writings Discourses of homosexuality are related to discourse about social power dominant structures and a model of colonialism The final chapter examines the AIDS related works of Herve Guibert which are both a meditation on and an exploration of AIDS that most public of private phenomena It also examines the changing relation between public and private between the outside world and Guibert s inner world and between the singularity of literary writing and the nomothetic nature of the public document all of which change in a world and in an individual affected by AIDS Soigner par l'hypnose Éric Bonvin, Gérard Salem, 2023-01-03 B n ficiant des acquis des neurosciences de la psychiatrie et des recherches en communication l efficacit de l hypnose est reconnue pour la prise en charge de diff rents troubles notamment le traitement des douleurs rebelles de l angoisse des phobies des troubles du sommeil etc Nombre de praticiens psychiatres psychologues mais aussi m decins g n ralistes p diatres et anesth sistes recourent cette pratique Devenu ouvrage de r f rence sur cette pratique *Soigner par l hypnose* pr sente les fondements ainsi que l int r t th rapeutique de l hypnose la premi re partie de l ouvrage expose les principes th oriques de la pratique de l hypnoth rapie histoire et pist mologie techniques atouts et limites la deuxi me partie plus pratique est une bo te outils th rapeutique inductions suggestions strat gies illustr e par de nombreux exemples enfin dans la troisi me partie les champs de signification de l hypnose sont largis la psychoth rapie la psychiatrie la physiologie de l attention et de la m moire Cette 7e dition a t mise jour

Miladinova,2014-08-28 Created in the twelfth century the Panoplia Dogmatike is one of the Byzantine anthologies that became a key source for Orthodox theology The anthology is known in more than 140 Greek manuscripts In the fourteenth century it was translated into Old Church Slavonic The Latin translation prepared by the Italian humanist Pietro Francesco Zini was published in Venice in 1555 during the years of the Council of Trent The first printed edition of the Greek text came relatively late in 1710 in the Romanian Principality of Wallachia By examining the reasons for this publication the book gives snapshots of the history of this authoritative anthology in the early modern period and uses sources until now not related to the Panoplia **Dysphoric Modernism** Mat Fournier,2024-11-26 During the interwar years in France modernist literature

challenged norms around sex and sexuality through daring portrayals of homosexuality and queerness The same moment however witnessed the crystallization of the Western gender binary and its stark lines of division between male and female Bringing together trans theory with French literary studies Mat Fournier offers a new understanding of how the gender binary emerged in the modernist era Dysphoric Modernism considers gender deviance in works by a broad range of French authors both writers who are canonical for queer theory such as Marcel Proust Andr Gide Jean Genet and Colette and lesser known figures including Ren Crevel Raymond Radiguet Maurice Sachs and Maurice Rostand Its trans readings track the dysphoria inherent to modern gender and the many ways these texts both disrupt and reinforce it Examining the complex entanglements of gender and sexuality with the colonial project Fournier argues that modernist writers representations of sexual dissidence came at the cost of their enforcement of racial and gendered discrimination A groundbreaking transgender analysis of French modernist literature this book also demonstrates the significance of the concept of dysphoria for a number of fields **The Collected Poetry** Aim C Saire,1983-10-03 This edition containing an extensive introduction notes the
