Introduction The world of elephants is a fascinating place There is so much we can learn about them and yet there are still mysteries about them waiting to be revealed There may be stories you have heard about elephants Now the question is Are those stories fact or fiction Are they true or false One bit of information you may have heard is that elephants have a good memory That is very true It is so true that it is believed that elephants have a better memory than humans do Elephants can remember other elephants that they may not have seen in years They can also remember being treated unkindly by someone even though many years may have passed Another story that is often thought about with elephants is Are they afraid of mice You might have heard that elephants fear mice because they can run up the elephant's trunk But the answer here is that this story is not true and there is no proof of any kind to support this It may not surprise you know that the elephants of today are related to the Ice Age Mammoth At one time there were over 350 different species of elephants yet today we have only two species left Can you name the two species What you may be surprised to learn is that elephants were not always the large creatures you see today In fact in prehistoric times the elephant was as small as the size of a cow or pig Would it surprise you to learn that the elephants of today are related to the sea cow known as the Manatee Did you know that when the elephants flap their ears they do it for a reason Or do you know what jobs the elephants use their tusks for An elephant's tusk can be smaller on one side than the other Do you know the reason why Did you know that a female elephant will spend her whole

life in one herd while the male elephant usually live their lives alone sometime after the age of 14 As you can see there are many interesting things that can be learned about this tremendous sized animal with the ivory tusks *Elephant* Michelle Hawkins,2021-03-10 Do you know that the brains of an Elephant are fully developed at birth And do you know that Elephants hear with both their ears and feet It is sometimes difficult to make our children understand the beauty of nature to make them appreciate the small things the beauty of a flower the freshness of the air the scent of grass Often we are not fortunate to be in contact with nature far from a meadow closed in the cities Still so often while looking out from our balcony in a beautiful country house we know how to observe but do not appreciate creation s beauty Know the details and habits of zoo animals as common as it is surprising through a simple path which fuels your child s interest and curiosity That s the purpose of this book But beware prepare for the challenge You will have to be able to answer the questions that your child will ask you by showing off their deep knowledge in the microworld of the Elephant Mom do you know how much the trunk on an Elephant can weigh I do Hey dad do you know what the three different types of Elephants are I do Grandpa do you know at what age Elephants develop tusks I do Grandma do you know how much food Elephants need to eat each day I do Sarah you re my big sister and you ve studied a lot but I bet you don t know how much water a Elephant drinks daily I know that You don t need anything else just one click on Buy Now and you will let your child live a magical new adventure with his new friend Elephant and the magic natural world of zoo animals
