In Black and White Lily Hardy Hammond, 2010-02-25 Our problem is not racial but human and economic We hold the Negro racially responsible for conditions common to all races on his economic plane The writings of reformer Lily Hardy Hammond 1859-1925 are filled with such forthright criticisms of southern white attitudes toward African Americans enough so that her stature as a southern progressive thinker would seem assured Yet Hammond who once stood at the intellectual center of the southern women's social gospel movement and was in her time the South's most prolific female writer on the race question has been marginalized This volume reprints In Black and White the most important of Hammond's ten books along with a sampling of the dozens of articles she published Elna C Green's biographical introduction tells of Hammond's marriage to a prominent Methodist minister and educator It also traces Hammond's career within the context of prevailing gender and racial attitudes in the Jim Crow South Hammond who had roots in Methodist home mission work was also active in such secular and ecumenical organizations as the Southern Sociological Congress the Commission on Interracial Cooperation and the National Association for the Advancement of Colored People Hammond worked alongside blacks to promote education improve living conditions and stop lynching As a suffragist and temperance advocate she urged the leaders of those largely white women's movements to partner with African Americans Historians of religion social science and race relations will welcome the reintroduction of this remarkable but virtually forgotten figure
