Emotional Intelligence Test To Print:

Test Your Emotional Intelligence Philip Carter, 2011-07-03 Emotional Intelligence is the ability to be aware of one's own emotions and those of other people. In today's workplace, more and more companies are using emotional intelligence tests to vet job applicants and assess staff as they recognise that positive behaviours are just as important as technical expertise. *Test Your Emotional Intelligence* will help you to think about various aspects of your personality and identify your strengths and weaknesses. Each test is followed by analysis and assessment that will help you to develop your potential, build on your strengths and improve on areas of weakness. It will help you to think about your social intelligence, self-confidence, your level of assertiveness as well as your ability to cope under pressure. There are no right or wrong answers but practising the types of questions you may face will calm nerves and equip you with self-knowledge you need to always be one step ahead. *Test Your EQ* Philip Carter, 2009-06-03 Emotional Intelligence, more commonly referred to as EQ (emotional quotient), is the ability to be aware of one's own emotions and those of other people. The two main aspects of EQ are understanding yourself and your goals, aspirations, responses and behaviour; understanding others and their feelings. In today's competitive workplace, more and more companies are using EQ tests to vet job applicants and assess staff. They no longer wish to rely on traditional testing methods as they recognise that positive behaviours are just as important as technical expertise. If you are about to sit such a test and you want to ensure that you come out of it well, *Test Your EQ* is for you. It will help you to think about various aspects of your personality, identifying your strengths and weaknesses. Each test covers a different personality trait followed by an analysis and assessment. It will help you to prepare for the real tests, develop your potential, build on your strengths, improve on areas of weakness. There are no right or wrong answers but practising the types of questions you may face will calm nerves and equip you with self-knowledge, helping you to be one step ahead. *Test Your EQ* will also appeal if you just wish to exercise your mind and analyse your potential. **Emotional Intelligence Test** Robert Moment, 2022-02-14 Is your Emotional Intelligence all it should be? Are you in complete control of your emotions? Do you have the empathy required to find success in your career? In the past, it was believed that our Intelligence Quotient was what made for success in our careers and business life. In more recent times, however, Emotional Intelligence (EQ) has been found to have much greater value and is consistently being seen as a preferable trait for employers who are looking for employees who possess it. Your EQ Score is the Number 1 Predictor of Career Success. This book, *Emotional Intelligence Test*, will help you as an employee to discover your EQ score through chapters that include: How EQ applies in the modern workplace; Improving your EQ; Coaching strategies to improve your EQ; Using EQ to improve remote working; Training tips for managers; EQ tips for dealing with toxic employees; And lots more. Having a high degree of Emotional Intelligence means having a much better chance of getting the job you want and climbing the promotion ladder. If you want to find the success that you deserve, showing your EQ skills is a huge step towards it and *Emotional Intelligence Test* will help you evaluate your ability. **Handbook of Intelligence** Sam
