

Read this student rough draft and answer the questions that follow.

The Power of Words

(1) The words that I think are powerful relate to emotions and intangible things. (2) Love and hatred are at the opposite ends of the spectrum, and they represent extreme feelings.

(3) Love has a lot of meaning behind it. (4) When someone says that they love someone or something, they show strong affection. (5) Hatred, on the other hand, means "intense hostility." (6) People use such strong words so often that they are losing power, they exaggerate their feelings with these words.

(7) On the contrary, words that are merely sounds to express anger have been given much power. (8) The cursewords today all had different meanings in the past, but people have given them malice and foul substitutes. (9) Like what Anna Deavere said, "The heart has a memory just as the mind does." (10) It relates the cursewords with hateful moments, and the mouth reflects the heart by speaking the words. (11) If people made up, random sounds (such as swearing), it would achieve the same effect as saying a foul word.

(12) A third group of potent words are the category of verbs. (13) They paint lively pictures in the reader's mind. (14) In Queen Margaret's speech to the Duchess of York, the verbs "hunt," "sweep," "worry," "lap," "reigns," and "chase" depict the tyranny and cruelty of Richard III. (15) Each verb is unique in its own way. (16) The verbs "amble," "walk," "jog," "run," and "spring" are all words that describe what legs do. (17) However, each one shows a different level of speed. (18) Using the exact verb in a sentence will make it come alive.
