A Research Manual for South Africa

Edited by Rodney Ehrlich • Gina Joubert

Epidemiology A Research Manual Of South Africa

DP Hallahan

Epidemiology A Research Manual Of South Africa:

Epidemiology Rodney Ehrlich, Georgina Joubert, 2014 What is the nature of epidemiology Why is epidemiology so important in the context of health and particularly public health in South Africa How can it help us answer important questions in clinical medicine and public health *Epidemiology A Research Manual for South Africa 3e* provides lecturers with useful resources on which to base introductory Epidemiology and Research Methods courses and helps to answer these questions Written by South African experts *Epidemiology A Research Manual for South Africa 3e* is aimed at undergraduate or postgraduate students encountering epidemiology and more generally quantitative public health research methods for the first time Epidemiology is taught within the following programmes MBChB BCur Diploma Primary Health Care and National Diploma Environmental Health It enables readers to evaluate data critically and to report their findings lucidly and accurately

Epidemiology Judy M. Katzenellenbogen, Georgina Joubert, S. S. Abdool Karim, 1997 Health care workers and medical students often find epidemiology dauntingly abstract even though it provides a vital background to the work they do This comprehensive manual provides an accessible introduction to epidemiology and its application in primary health care The basic principles and tools are clearly explained and applied to a wide range of specific topics from psychiatric to environmental epidemiology This clear and accessible book will be invaluable not only to medical students and professionals but also to all others interested in epidemiology or in current and future health trends in South Africa

Epidemiology Georgina Joubert, Landon Myer, 2021 *Epidemiology A Research Manual for South Africa* offers an applied introduction to epidemiological research methods for students of various health science disciplines who are required to conduct or reference epidemiological research Directed at readers who are new to epidemiological theory and practice the text explains fundamental concepts and methods in a manner that is clear and accessible The text offers a step by step guide to the development of a research protocol and the application of epidemiological methods and addresses specific content areas and methodologies that are important in contemporary epidemiological research Examples focus on the South African setting highlighting regional conditions diseases and health services This fourth edition is comprehensively revised to reflect current knowledge and practice and reflects greater emphasis on the complex burden of disease in South Africa as well as the use of routinely available health data for research purposes The text includes new chapters on reproductive and perinatal epidemiology as well as injury epidemiology and offers many new local examples

The Dynamics of English in Namibia Anne Schröder, 2021-09-15 The English language as spoken in Namibia has virtually been overlooked in most textbooks handbooks and surveys of varieties of English around the world or else has only been mentioned in passing However this variety of English has recently attracted the attention of several researchers and the present volume brings together most scholars actively involved in the research on English in Namibia from various linguistic fields to present their current research It covers a wide range of linguistic issues such as empirical analyses on various levels of linguistic description and

use as well as the application of diverse methodologies from questionnaire surveys sociolinguistic interviews and focus group discussions to corpus linguistics linguistic landscaping and digital ethnography This book represents the first comprehensive collection of articles and in depth discussions of this emerging variety of World Englishes **An Introduction to Global Health Ethics** Andrew Pinto, Ross Upshur, 2013-03-05 The field of global health is expanding rapidly An increasing number of trainees are studying and working with marginalized populations often within low and middle income countries Such endeavours are beset by ethical dilemmas mitigating power differentials addressing cultural differences in how health and illness are viewed and obtaining individual and community consent in research This introductory textbook supports students to understand and work through key areas of concern assisting them in moving towards a more critical view of global health practise Divided into two sections covering the theory and practice of global health ethics the text begins by looking at definitions of global health and the field's historical context It draws on anti colonial perspectives concepts developing social justice and solidarity as key principles to guide students The second part focuses on ethical challenges students may face in clinical experiences or research Topics such as working with indigenous communities the politics of global health governance and the ethical challenges of advocacy are explored using a case study approach An Introduction to Global Health Ethics includes recommended resources and further readings and is ideal for students from a range of disciplines including public health medicine nursing law and development studies who are undertaking undergraduate and graduate courses in ethics or placements overseas **Sports Injury Research** Evert Verhagen, Willem van Mechelen, 2010 This book is a comprehensive guide to the epidemiology and methodology involved in sports injury research including detailed background on epidemiological methods employed in research on sports injuries and discussions on key methodological issues **HIVAIDS Care & Counselling** Alta C. Van Dyk, 2008 *Evaluating International Public Health Issues* Mbuso Precious Mabuza, 2019-09-03 This book makes an original contribution in addressing contemporary critical discussions and reflections on international health policies strategies programmes systems diseases disasters and public health issues It includes reflections on how levels of governance development and technical assistance affect countries disaster readiness and health systems In addressing inequalities between the rich and the poor and unpacking how this affects public health services policies strategies and their collective implementation the book aspires to improve standards of public health and quality of life for sustainable development globally It provides a comprehensive overview of international health policies and aid structures and pays particularly close attention to policies on HIV AIDS in the workplace discussing how HIV AIDS has overshadowed non communicable diseases NCDs such as hypertension and stroke which are on the rise This book will be of great benefit to students and researchers as well as policymakers in governmental and non governmental organisations who have an interest in achieving greater sustainability and improved health for populations in low middle and high income countries It will be an indispensable book for students in Public Health programmes and related courses The African

Book Publishing Record ,2007 Transformation of learning and teaching in rehabilitation sciences Dawn V. Ernstzen, Lee-Ann J. Jacobs-Nzuzi Khuabi, Faeza Bardien, 2023-03-01 This is the second book in the Health Functioning and Technology series The focus of this book is on teaching learning and assessment in rehabilitation education within the African context The primary contributors to the book are authors from occupational therapy physiotherapy and speech language therapy in South Africa The authors discuss local contextual drivers for renewing rehabilitation professions curricula that support graduates in becoming competent socially accountable and dynamic The foundational element of the chapters in the book is the African context and evidence informed educational practice We include the impact of the COVID 19 pandemic on teaching learning student support and the integration of technology to assist in achieving the goals of the curricula Through the different themes of transformative learning curriculum renewal technology for learning and clinical training key topics are covered on responsive curricula leadership interprofessional education clinical competence critical consciousness peer teaching and learning learning technologies student support and emergency remote teaching and learning *Research in Practice* Martin Terre Blanche, Martin J. Terre Blanche, Kevin Durrheim, Desmond Painter, 2006 A major shift in research methodology from technical to more contextual and pragmatic approaches this thorough resource incorporates new trends while also providing comprehensive coverage of the full range of established research approaches and techniques skillfully combining epistemology methodology statistics and application in a volume that is both sophisticated and practical Placing a greater emphasis on interdisciplinary and applied research skills this guide encourages the concurrent use of qualitative and quantitative methods and explores such complex topics as ethical issues in social science research inferential statistical methods and Marxist feminist and black scholarship perspectives **South African national bibliography** ,1999 Classified list with author and title index **Designing and Conducting Health Systems Research Projects** Corlien M. Varkevisser, Indra Pathmanathan, Ann Templeton Brownlee, 2003 This two volume set presents a course outline in modular format that deals step by step with the development of a Health Systems Research HSR proposal and field testing Part 1 and with data analysis and report writing Part 2 **American Book Publishing Record** ,2003 *South African Medical Journal* ,2000 **International Review of Research in Mental Retardation** ,1993-07-12 *International Review of Research in Mental Retardation* *Clinical Nephrology* ,2010 The British National Bibliography Arthur James Wells, 2009 *Publications of the South African Institute for Medical Research* ,1927 **The South African Journal of Communication Disorders** ,2006
