Fake News on the Internet Alan R. Dennis, Dennis F. Galletta, Jane Webster, 2023-09-26 This book provides a review of current research in fake news and presents six new empirical research studies examining its impact Fake news has garnered immense public attention following the 2016 Brexit referendum three US elections the 2019 Indian lynchings and so on Fake news undermines public life across the globe especially in countries where journalistic practices and institutions are weak Some fake news is created to spread ideological messages or to create mischief whereas other fake news is created for profit Research shows that fake news spreads farther faster and more broadly than true news and has had major societal impacts All signs indicate that it will get worse as political activists scammers alternative news media and hostile governments become more sophisticated in their production and targeting of fake news This book features leading scholars who provide a review of the current research and presents six new empirical research studies examining its impact Some of this research shows how inventions designed to reduce fake news can actually have the opposite effect and instead act to increase the spread of fake news Other research takes a longer term perspective by measuring or inserting emotions into headlines allowing us to examine some of the roots of fake news behaviors for future study This shows how challenging the fake news phenomenon is to solve Fake News on the Internet will be a key resource for academics researchers and advanced students of Media Studies Research Methods Information Systems Communication Studies Management Cultural Studies and Sociology The chapters included in this book were originally published as a special issue of Journal of Management Information Systems

True or False Cindy L. Otis, 2020-07-28 If I could pick one book to hand to every teen and adult on earth this is the one True or False is accessible thorough and searingly honest and we desperately needed it Becky Albertalli author of Simon vs the Homo Sapiens Agenda A former CIA analyst unveils the true history of fake news and gives readers tips on how to avoid falling victim to it in this highly designed informative YA nonfiction title Fake news is a term you've probably heard a lot in the last few years but it's not a new phenomenon From the ancient Egyptians to the French Revolution to Jack the Ripper and the founding fathers fake news has been around as long as human civilization But that doesn't mean that we should just give up on the idea of finding the truth In True or False former CIA analyst Cindy Otis will take readers through the history and impact of misinformation over the centuries sharing stories from the past and insights that readers today can gain from them Then she shares lessons learned in over a decade working for the CIA including actionable tips on how to spot fake news how to make sense of the information we receive each day and perhaps most importantly how to understand and see past our own information biases so that we can think critically about

important issues and put events happening around us into context True or False includes a wealth of photo illustrations informative inserts and sidebars containing interesting facts and trivia sure to engage readers in critical thinking and analysis This title has common core connections The Tweets of President Donald J. Trump Forefront Books,2020-07-28 Love them or hate them the tweets of President Donald J Trump rule the Twittersverse Until our last presidential campaign television particularly campaign ads dominated the political landscape But with the rise of Donald J Trump came a new political tool the internet Trump used this to communicate instantly and very effectively with the American people And it worked Establishing his political positions by tweeting numerous times a day Trump pulled a major upset by defeating Hillary Rodham Clinton to become the 45th president of the United States Once in office Trump did not abandon his penchant for using Twitter as his populist platform Instead he doubled down on it making it his primary means of communicating with the American people Knowing how effective a tweet can be Trump once wrote Boom I press it and within two seconds we have breaking news With a massive Twitter following of 78 million by the spring of 2020 Trump s direct impact upon Americans cannot be dismissed nor can the value of his tweets as an essential part of the historical record be denied To put the enormous impact of his tweets into perspective Trump won the White House with 63 million votes a number significantly lower than his massive Twitter following Now you can read the collected tweets from President Donald J Trump from his inauguration through February 2020 in this historically significant collection The Greatest Man In Our Time Brian W. Kelly,2023-03-29 Modern pundits give Donald Trump little credit for anything even though he is clearly The Greatest Man in Our Time I would say it is because the bulk of the news media simply do not like him as he does not want to have anything to do with a Marxist agenda Before Trump set the world on fire from 2017 to 2020 the five highest rated presidents according to a C SPAN survey for example were Abraham Lincoln George Washington Franklin D Roosevelt Theodore Roosevelt and Dwight D Eisenhower I do not contest the fact that they showed greatness in office but when you look at all of Trump s accomplishments and the complexity of our times the 45th president deserves much more consideration That s why I wrote this book You may never choose to invite Donald John Trump over the house for breakfast or even a holiday gathering but looking back at his four years in office whether you like him or not most Americans admit those were some of the most prosperous and warless years we have had in our lifetimes We have the chance again to have the Greatest Man in Our Time as President in a few more years Let s do our best to assure it After you read this book I hope you feel as comfortable as I do to place Donald J Trump on the top of this venerable stack of great presidents With all of the flack Trump received as president there are clearly a number of Americans who would not cast their vote for Best President his way under any circumstance But there are a lot who would I am glad you are reading this book as it will help you know what a great man and a great president we can have again as our leader President in 2020—How She Can Win Steve Canada,2017-09-26 A new way to ensure a presidential candidates victory has been developed by the author and it involves moving volunteers from

excess states to deficit states so that the electoral college total is reached in a transplant program kept as quiet as possible until the residential and voter registration deadlines in each target state can be met by enough temporarily transplanted voter volunteers Trouble ensues as these pawns are intercepted on the road and their buses attacked People are injured and die in a theme of sacrifice by true believers A counterprogram mounted by the Republicans comes too late and Hillary squeaks out a victory for the White House

Fake News in America Anthony R. DiMaggio, 2023-08-10 The term fake news became a buzzword during Donald Trump's presidency yet it is a term that means very different things to different people This pioneering book provides a comprehensive examination of what Americans mean when they talk about fake news in contemporary politics mass media and societal discourse and explores the various factors that contribute to this such as the power of language political parties ideology media and socialization By analysing a range of case studies across war political corruption climate change conspiracy theories electoral politics and the Covid 19 pandemic it demonstrates how fake news is a fundamentally contested phenomenon and how its meaning varies depending on the person using the term and the political context It provides readers with tools to identify talk about and resist fake news and emphasizes a need for education reform with an eye toward promoting critical thinking and information literacy

Free the Press Brian J. Karem, 2022-01-15 Blending his experiences as a veteran reporter with analysis of the erosion of trust between the press and the government during the past 40 years in Free the Press renowned journalist Brian J Karem gives readers a unique perspective on the challenges facing journalism while asking the question How did we get here And perhaps more importantly How do we fix it Since the Vietnam War each and every president has overseen the withering of relations between the Executive Branch and the so called Fourth Estate Politicians are not solely to blame however Corporate media has us following the news of the day for clicks and views rather than pursuing long term stories of impact Reporters have ceased to frame the narrative and failed to co-opt social media contributions until it was too late Placed alongside a firsthand view of Karem's own experience as a reporter and manager in television print and the online media industry where he witnessed buyouts and the end of locally owned and operated newspapers a behind the scenes look at his work as a member of the White House Press Corps and his advocacy to protect the journalistic pillar of anonymity readers will come away with a deeper understanding of journalism and what happened to it at the national and local level Karem concludes with a three step plan to save the free press as well as a comprehensive method to reporting for reporters to regain level footing and work toward repairing the damage done to one of the most important and sacred institutional relationships of our country

The Trumping of America Pamela Hines, 2018-08 Trump alone is not to blame How does it reflect on North American societal values when wealth trumps humanity selfish individualism trumps compassion the need to be entertained and to win trumps the truth and racism and misogyny are rewarded with the most powerful position in the world The political rise of Donald Trump from the cutthroat Republican primary process to his move to the White House has ushered in a new age of politics in the United States This is a

comprehensive analysis of the events surrounding the 2016 presidential election and the unprecedented first year of Donald Trump's presidency Pamela Hines highlights the growing distortion of American democracy which threatens political systems around the world As a Canadian living just across the border Hines provides a unique perspective on the international impact of the election explores the roles of religion racism nationalism and gender bias and critiques the media and its reckless coverage of Trump's ascension The Trump presidency is a wake up call to citizens of the free world Democracy is at risk yet power remains in the hands of the people This assault on democracy can be curtailed only if voters make informed decisions and understand the consequences of their choices while they still have the right to choose **The Oxford Handbook of**

Danish Politics Peter Munk Christiansen, Jørgen Elklit, Peter Nedergaard, 2020-06-26 The Oxford Handbook of Danish Politics provides the most comprehensive and thorough English language book on Danish politics ever written It features chapters by 50 leading experts who have contributed extensively to the field they write about Why is Denmark an interesting topic for a Handbook In some respects Danish political institutions and political life are very similar to that of other small North European countries such as the other Scandinavian countries and Netherlands However in other respects Danish politics is interesting in its own right For instance Denmark has a world record in minority governments According to standard scholarly knowledge this should result in unstable governments and a bad economy This is not the case however since Denmark has a rather stable political system and a strong and robust economy among the strongest in Europe How The Danes have continued reservations towards the EU despite close to 50 years of EC EU membership and the Danes rejected the Maastricht Treaty in 1992 Still the EU issue is handled in ways that do not call for large political battles How A third example is that Denmark used to be known as a tolerant and liberal society its Jews were almost all saved during German occupation during WWII Denmark was the first country to free pornography and the first country to formally register same sex couples Yet recent Danish politics has also been associated with xenophobia and anti Muslim sentiments Why **I Am The Winner: A Presidential Autobiography of Donald J. Trump** Knox Paulson, 2019-11-08 Donald J Trump President of the United States of America came to power in January 2017 after defeating opponent Hillary Clinton in the 2016 election His online public diary on Twitter describes his daily thoughts about political happenings opinions and plans He tells of misdeeds by Hillary Clinton and Barack Obama and call out the Fake News If you ever wanted to really get to know the president this is the book to read Here is the president's story in his own words gathered from his Twitter account and presented in a single narrative It provides an intimate portrait of a president hard at work protecting the country from immigrants getting the country out of bad treaties and fighting back against so called global warming climate scientists *Populism, Fundamentalism, and Identity* Peter Herriot, 2020-04-08 What can populism and fundamentalism possibly have in common Peter Herriot argues that contrary to their apparent differences these human phenomena are similar in two basic respects First they are both reactions against the complexities of the modern world in general and its current crisis in particular They

propose instead a return to a mythical golden age supposedly marked by purity and simplicity Second they both work in the same way psychologically Using social identity theory Herriot shows how both populism and fundamentalism create constant conflict by contrasting a virtuous Us with a stereotypically evil Them Contemporary case studies illustrate this process at work and Herriot raises various issues as a basis for discussion and concludes with hope

Media Trust in a Digital World Thomas Osburg, Stephanie Heinecke, 2019-11-23 This book examines the shifting role of media trust in a digital world and critically analyzes how news and stories are created distributed and consumed Emphasis is placed on the current challenges and possible solutions to regain trust and restore credibility The book reveals the role of trust in communication in society and in media and subsequently addresses media at the crossroads as evinced by phenomena like gatekeepers echo chambers and fake news The following chapters explore truth and trust in journalism the role of algorithms and robots in media and the relation between social media and individual trust The book then presents case studies highlighting how media creates trust in the contexts of brands and businesses politics and non governmental organizations science and education In closing it discusses the road ahead with a focus on users writers platforms and communication in general and on media competency skills and education in particular

Good and Evil in the Garden of Democracy Rodney Wallace Kennedy, 2023-04-13 Democracy faces threats from an emerging right wing movement in democratic governments around the world This may be even more prevalent in the United States because there is an evil that uses rhetorical tropes to undermine the anchor institutions of democracy press courts universities and Congress This evil has a personification former President Donald Trump All the rhetorical critiques of Trump that he is a demagogue an authoritarian a serial liar a populist on steroids fail to take into account the evil that is fomented by his angry and vengeful rhetoric Pictures of evil in Scripture philosophy and rhetoric bear a striking resemblance to Trump It is not enough to say that he is dangerous to democracy Kennedy claims that he is the evil seed in democracy that is even now sprouting new versions of the Trump rhetoric as each acolyte attempts to outrage the next Good and Evil in the Garden of Democracy screams at the evil fights against the evil and then attempts to sing the songs of goodness and democracy from poets prophets and rhapsodes For the health of democracy these words have been written

Liars, Leakers, and Liberals Jeanine Pirro,2018-07-17 Get the story the Fake News

media doesn't want you to hear in the #1 New York Times bestseller a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency based on interviews with the Trump family and top administration officials. At this point in American history we are the victims of a liberal sabotage of the presidency unlike anything we've ever witnessed. Nevertheless, President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren't being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal to unseat the 45th President of the United States, this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including fake news, propaganda, law enforcement corruption at the highest levels, national security leaks by the intelligence community, bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. It's about time the American public knows the truth about the plot to bring down the Trump presidency. By the time you've finished this book, you'll agree with Judge Pirro that the only way to stop these hoodlums is to Take Them Out in Cuffs. *The Blessings of Liberty* Michael Les

Benedict, 2022-07-11. This concise, accessible text provides students with a history of American constitutional development in the context of political, economic, and social change. Constitutional historian Michael Benedict stresses the role that the American people have played over time in defining the powers of government and the rights of individuals and minorities. He covers important trends and events in U.S. constitutional history, encompassing key Supreme Court and lower court cases. The volume begins by discussing the English and colonial origins of American constitutionalism. Following an analysis of the American Revolution's meaning to constitutional history, the text traces the Constitution's evolution from the Early Republic to the present day. This fourth edition is updated to include the 2016 election, the Trump administration, the 2020 election, and the first activities of the Biden administration.
