

GCSE Textiles Coursework

By Trisha Moyo

Mood board

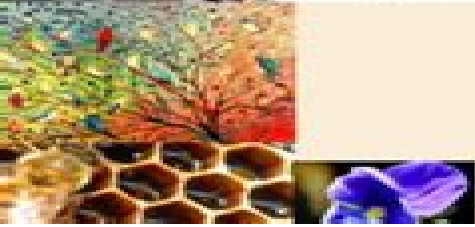

I collected these images because they were appealing to me and had lots of inspiring features I could use in my design. My favourite images were the mandala designs as they show aspects of nature and art, also they colours are very intriguing. As I researched more the images I grew fond of the patterns and it's features as it shows a really calm and peaceful mood as it related Buddhism.

Mandala

Symbolism related to Mandala Tattoos. The literal meaning of mandala, which is a Sanskrit word, is circle and like a circle, the mandala represents wholeness. A circle also denotes balance, perfection and eternity as the distance from its center to all points on it remains the same, from wherever it is measured.

Teaching Food Technology in Secondary School Marion Rutland,2014-04-08 The introduction of National Curriculum Technology moved away from teaching about food in the context of the home and domestic science towards commercial food technology This work offers an evaluation of this development and the required changes of emphasis for teaching

Preparing to Include Special Children in Mainstream Schools Liz Flavell,2014-06-03 Teachers in both special and mainstream schools have to be confident in their abilities to implement inclusion effectively in order for the child to have any chance of a successful inclusive school career This book demonstrates how mainstream and special schools can work together in preparing the special school child to succeed in a mainstream environment It also shows how to prepare existing mainstream pupils and other members of staff involved in or affected by the inclusion process The author provides photocopiable forms for evaluating pupils academic and social process and advice on how physical resources such as sensory rooms can enhance the learning opportunities of all pupils She offers jargon free communication strategies for effective interaction with the child which is also considered within the framework of the whole school policy The book also presents sample lesson plans resource ideas and plans for daily record keeping for use across the curriculum subjects and suggestions for ways in which special and mainstream schools can work together to enhance the whole curriculum Any teacher in a mainstream or special school who is concerned about making inclusion really work for their pupils will find this book an invaluable companion Slags on Stage Katie Beswick,2025-03-31 Slags on Stage weaves cultural analysis with poetry and art criticism to explore the concept of the slag and its place in contemporary British culture The book traces the etymology of the word slag through the twentieth and into the twenty first century thinking through the ways slag speaks to issues of class

sex and desire Broadly slag is an insult bound up with women s sexual reputations but beyond this it is a key word that shapes the ways we debate and understand what it means to be a woman For women who came of age in the United Kingdom in the late twentieth and early twenty first centuries slag produces complex feelings and has influenced how we have come to know ourselves and understand our sexual and quotidian desires This book explores the terrain of slag and includes analyses of artworks by artists who have invoked the slag in their practice including Tracey Emin Cash Carraway and Michaela Coel Covering the cultural politics of clothing motherhood television representations sexual assault sex work and desire Slags on Stage asks what role does the slag play in British culture Who is she for And how have women used sex and sexuality to have their own say in cultures that want to control them This is a fascinating exploration for students and scholars of British drama theatre and performance cultural studies and sociology

Aspects of Teaching Secondary Design and Technology Gwyneth Owen-Jackson,2003-09-02 Beginning by outlining the national curriculum for design and technology Aspects of Teaching Secondary Design and Technology goes on to look at what design and technology is in the primary school at examination level and post 16 Vocational qualifications relevant to design and technology are also discussed There are chapters looking at the relationship between design and technology and the wider social and cultural context The development of cross curricular skills and value judgements are discussed as are sustainability and the role of the community in the teaching and learning of design and technology Together these articles comprise a sound guide to good classroom practice related to the requirements of the curriculum and rooted in the professional perspectives of experienced teachers
