ambition to become a competitive upper middle income country The authors of Sri Lanka Education Sector Assessment
Achievements Challenges and Policy Options offer athorough review of Sri Lanka s education sector from early childhood
education through higher education With this book they attempt to answer three questions How is Sri Lanka s education
system performing especially with respect to participation rates learningoutcomes and labor market outcomes How can the
country address the challenges at each stage of the education process taking into accountboth country and international
experience and also best practices Which policy actions should Sri Lanka make a priority for the short and medium term The
