American culture After the background information has been covered by the first three chapters I will go on with the analysis of the phenomenon of the mafia in literature and on television Therefore the very popular contributions to the mafia genre produced by Mario Puzo Francis Ford Coppola Martin Scorsese and David Chase will be discussed The Godfather Goodfellas and The Sopranos will be the main subjects of interest to show how these works contributed to a general understanding of the mafia in the second half of the twentieth century Finally I will give a short account of the decline of the mafia in organized crime within the United States before the Conclusion will be presented

The Gangster Film Reader Alain Silver, James Ursini, 2007-02 In the 1930s the gangster film in the United States coincided with a very real and very sensational gangsterism at large in American society Little Caesar 1931 The Public Enemy 1931 and Scarface 1932 borrowed liberally from the newspapers and books of the era With the release of just these three motion pictures in barely more than a year's time Hollywood quintessentially defined the genre The characters the situations and the icons from fast cars and tommy guns to fancy fedoras and fancier molls established the audience expectations associated with the gangster film that remain in force to this day As with their Film Noir Reader series using both reprints of seminal articles and new pieces editors Silver and Ursini have assembled a group of essays that presents an exhaustive overview of this still vital genre Reprints of work by such well known film historians as Robin Wood Andrew Sarris Carlos Clarens Paul Schrader and Stuart Kaminsky explore the evolution of the gangster film through the 1970s and The Godfather Parts 2 and 3 comprise two dozen newer articles most of them written expressly for this volume by Ursini and Silver These case studies and thematic analyses from White Heat to the remake of Scarface to The Sopranos complete the anthology
