## The market-leading performance testing software

HP LoadRunner software is the industry standard for performance validation. It helps prevent performance problems by detecting bottlenecks before a system deployment or upgrade. HP LoadRunner performance testing software helps you test a broad range of applications, including Web 2.0, ERP/CRM, and legacy applications. It also helps you identify and reduce performance bottlenecks and obtain an accurate picture

of end-to-end system performance before going live, so you can verify that applications meet specified requirements and ensure end-user success in production.
