Human Digestive System And Biology If8765:

The Digestive System Michael Windelspecht, 2004-08-30 Examines the role and function of the human digestive system

The Big Slide Nicholas F. Prayson, Richard A. Prayson, 2015 The human digestive system plays an important role in processing food in order to provide nutrients that the body can use This well illustrated text presents the basics of anatomy physiology and disease of the human digestive system by answering a series of questions relevant to the various components of this system For example in studying the stomach the following questions are examined 1 Where is the stomach located 2 What does the stomach look like 3 What does the stomach do 4 Where do gastric juices come from 5 What causes ulcers 6 What causes a stomach ache and 7 What causes burping Additionally most chapters are filled with unusual trivia related to the part of the body being discussed For example there was a 42 year old woman who complained of mild abdominal pain and had 2533 objects removed from her stomach including 947 pins The text provides a fun and interesting way to learn more about the digestive system The text is ideal whether you are looking for an entertaining and informative read on the workings of the human digestive tract or looking for a text or resource for biology or health classes [The Human Digestive System](#)

Cassie M. Lawton, 2020-07-15 The digestive system helps humans get the most out of every meal and drink It also rids the body of unwanted substances This close examination explains the ins and outs of the digestive system including its location within the human body the organs used in digestion and ways excreting certain materials benefits the human body Its colorful photographs diagrams fact boxes and sidebars keep readers interested and offer comprehensive insight into one of the most important systems of the human body Discussion questions are included to strengthen readers understanding of this life science learning experience [Student Misconceptions in Science](#) Heather A.
