

Starting Your LifeBook Notebook

POWER ON

Suspend/Resume/Power On button

The Suspend/Resume/Power On button is used to turn on your LifeBook notebook from its off state. Once you have connected your AC adapter or charged the internal Lithium Ion Battery, you can power on your notebook.

When you turn on your LifeBook notebook be sure you have a battery installed and charged, or that the AC or Auto/Air-line adapter is connected and has power.

Figure 3-3 Pressing the suspend/resume/power button

Press the Suspend/Resume/Power On button that is adjacent to the status indicator panel (Figure 3-3). When you are done working you can either leave your LifeBook notebook in Suspend mode. (See *Suspend Mode* on page 27 for more information), or you can turn it off. (See *Power Off* on page 28 for more information.)

Do not carry your LifeBook notebook around with the power on or subject it to shocks or vibration, as you risk damaging your notebook.

When turn on your LifeBook notebook, it will perform a Power On Self Test (POST) to check the internal parts and configuration for correct functionality. If a fault is found, your LifeBook notebook will emit an audio warning and/or an error message will be displayed. (See *Power On Self Test Messages* on page 75 for more information.) Depending on the nature of the problem, you may be able to continue by starting the operating system or by entering the BIOS setup utility and revising the settings.

After satisfactory completion of the Power On Self Test (POST), your notebook will load your operating system.

Never turn off your LifeBook notebook during the Power On Self Test (POST) or it will cause an error message to be displayed the next time you turn on your LifeBook notebook. (See *Power On Self Test Messages* on page 75 for more information.)

BOOT SEQUENCE

The procedure for starting-up your notebook is termed the Bootup sequence and involves your notebook's BIOS. When your LifeBook notebook is first turned on, the main system memory is empty, and it needs to find instructions to start up your notebook. This information is in the BIOS program. Each time you power up or restart your notebook, it goes through a boot sequence which displays a Fujitsu logo until your operating system is loaded. During booting, your notebook is performing a standard boot sequence including a Power On Self Test (POST). When the boot sequence is completed without a failure and without a request for the BIOS Setup Utility, the system displays the operating system's opening screen.

The boot sequence is executed when:

- You turn on the power to your LifeBook notebook.
- You restart your notebook from the Windows Shut Down dialog box.
- The software initiates a system restart. Example: When you install a new application.
- You reset the system by pressing the three keys [CTRL+ALT+DEL].

BIOS SETUP UTILITY

The BIOS Setup Utility is a program that sets up the operating environment for your LifeBook notebook. Your BIOS is set at the factory for normal operating conditions, therefore there is no need to set or change the BIOS' environment to operate your notebook.

The BIOS Setup Utility configures:

- Device control feature parameters, such as changing I/O addresses and boot devices.
- System Data Security feature parameters, such as passwords.

Entering the BIOS Setup Utility

To enter the BIOS Setup Utility do the following:

1. Turn on or restart your LifeBook notebook.
2. Press the [F2] key once the Fujitsu logo appears on the screen. This will open the main menu of the BIOS Setup Utility with the current settings displayed.

The Sweet Life (Cape Cod Creamery Book #1) Suzanne Woods Fisher, 2022-05-03 Dawn Dixon can hardly believe she is on a groomless honeymoon on beautiful Cape Cod with her mother. Sure Marnie Dixon is good company but Dawn was supposed to be here with Kevin the love of her life or so she thought. Marnie Dixon needs some time away from the absolute realness of life as much as her jilted daughter does and she is not about to let her only child suffer alone even if Marnie herself had been doing precisely that for the past month. Given the circumstances maybe it was inevitable that Marnie would do something as rash as buy a run down ice cream shop in the town's tightly regulated historic district. After all everything is better with ice cream. Her exasperated daughter knows that she is the one who will have to clean up this mess. Even when her mother's impulsive real estate purchase brings Kevin back into her life Dawn doesn't get her hopes up. Everyone knows that broken romances stay broken don't they. Welcome to a summer of sweet surprises on Cape Cod a place where dreams just might come true. This deliciously concocted novel is a charming start to a sure to satisfy series. Booklist Restoration and reawakened dreams gather in Suzanne Woods Fisher's Christian romance novel *The Sweet Life*. Foreword Reviews
