## **Mamiya C3 User Guide:**

**Vol. 29: Medium-Format Photography III: Mamiya C3 & C330** Shawn M. Tomlinson, 2018-12-22 There s something odd about twin lens reflex TLR film cameras but very appealing I can t really explain it TLR cameras are bulky awkward to use and well kind of weird Still I love picking one up and taking it out to shoot Mamiya TLRs comprise a rare line of TLR cameras in that they were the only pro TLR cameras that had interchangeable lenses other than Contaflex That fact alone made me long for one a long time When I bought my Yashica Mat EM there were Mamiya TLR cameras available but usually at two to three times the cost Like the other medium format MF cameras Hasselblad Bronica Pentax etc the Mamiyas were far out of reach That is until around 2003 when photographers were ditching their film cameras and selling them cheap They may not be as cheap now but they re still worth the prices As I said shooting with a TLR is an odd experience but one definitely worth experiencing

**Vol. 26: Medium-Format Photography: Getting Started** Shawn M. Tomlinson, 2018-10-17 Simply put medium format photography is quite a bit more complex than shooting with 35mm film SLRs or 35mm style DSLRs It takes a bit more skill and experience to handle medium format cameras Not only do you need to learn to think differently about how you shoot but you also have a whole new type of equipment to learn Medium format cameras produce bigger images which allows for more detail and greater enlargement And because they in general were designed for professional photographers the lenses tend to be of better quality than most 35mm lenses which also adds to the detail in the images In this book we ll take a look at medium format SLRs and TLRs and we ll even touch upon some other types We ll also consider a few lenses although these largely are a matter of choice And there are far fewer choices for medium format cameras than for other types Time to do some weight training and heft those medium format cameras and lenses into position Let s go

**Retro Camera Buying Guide: Getting Serious About Photography On the Cheap! Expanded and Revised** Shawn M. Tomlinson, 2018-04-17 A lot has changed since I wrote and published this first volume of what became this guide series One thing hasn t I still have the same enthusiasm and joy in photography I had way back at the beginning of the series I have a lot more knowledge and experience now and occasionally even get close to taking good photographs That s the thing see I didn t know a lot when I originally wrote this guide I had been working in photography since 1982 professionally Everything I knew pretty much was self taught In general that s still true There s no need for you to do it all by yourself too though This book and this series are meant to help you get going with the basics fast Yes OK I tend to relate my own experiences but that too is meant to help you avoid some basic mistakes I made And perhaps I write in a tad too friendly manner but think of it as sitting down with me to have a friendly talk about a passion we share Photography
