

Management

third SOUTH AFRICAN edition

Since 2001, **Management** has established itself as an authoritative reference for both students and practitioners through its insightful and dynamic examination of key management principles.

The fully-updated new edition consolidates this book's position as the most appropriate South African text on these principles, combining a global perspective of management theories and practices with examples of familiar organizations in South Africa and the rest of the continent.

The book focuses on the development of management competencies such as communication, planning and strategizing, organizational structure and design, decision-making and problem-solving, planning, motivation, teamwork, self-management, leadership, and organizational change and innovation, as well as providing invaluable guidance on ethics and corporate social responsibility, and culture and workforce diversity.

With its improved design and additional features, **Management** presents a more accessible and comprehensive version of the previous edition:

- A new chapter on contemporary issues, such as HIV/AIDS, BBBEE, and ecological issues, has been added.
- Each chapter now contains a section defining key terms and concepts, as well as a chapter summary for ease of reference.
- Questionnaires and skills-based exercises throughout the book help to enhance the reader's managerial competencies.
- The 'South African insight' sections have been updated or replaced with current case studies.

Discussions on well-known companies such as Coca-Cola, SABcor, South African Airways, Mercedes-Benz South Africa, Microsoft, BMW South Africa, Capitec Bank, Harley-Davidson, Black Like Me, Absa, Johnson & Johnson, Standard Bank, Telkom, Volkswagen, and SABMiller not only inform but add appeal to an already interesting and lively text.

Management is an essential resource for both students and practitioners in fields ranging from human resources to business management and includes PowerPoint slides and MCQ's for lecturers.
