Spanish-American War to Iraq Steven R. Brydon, 2021-11-01 In this book Steven R Brydon analyzes American war propaganda spanning from the Spanish American War through the wars in Afghanistan and Iraq Brydon argues that many of these wars were fought based on false or misleading narratives beginning with blaming Spain for the sinking of the Maine and continuing most recently with charges that Saddam Hussein had weapons of mass destruction and was involved in the terrorist attacks of September 11 Research has shown that well told stories can affect the public's beliefs attitudes and actions and Brydon has identified some of these recurring stories that have been told to support and sustain each war during this time period Using Fisher's narrative paradigm Brydon critically evaluates these war stories to determine if they possessed narrative coherence and fidelity that provided good reasons to go to war rather than simply the appearance of these qualities The responsibility Brydon stresses is on the media and on academics to view future war narratives through a critical lens in order to best inform the American people Scholars of media studies history military studies American studies and international relations will find this book particularly useful **CliffsNotes on Wiesel's Night** Maryam

Andrea Pitzer, 2017-09-19 A groundbreaking haunting and profoundly moving history of modernity's greatest tragedy concentration camps For over 100 years at least one concentration camp has existed somewhere on Earth First used as battlefield strategy camps have evolved with each passing decade in the scope of their effects and the savage practicality with which governments have employed them Even in the twenty first century as we continue to reckon with the magnitude and horror of the Holocaust history tells us we have broken our own solemn promise of never again In this harrowing work based on archival records and interviews during travel to four continents Andrea Pitzer reveals for the first time the chronological and geopolitical history of concentration camps Beginning with 1890s Cuba she pinpoints concentration camps around the world and across decades From the Philippines and Southern Africa in the early twentieth century to the Soviet Gulag and detention camps in China and North Korea during the Cold War camp systems have been used as tools for civilian relocation and political repression Often justified as a measure to protect a nation or even the interned groups themselves camps have instead served as brutal and dehumanizing sites that have claimed the lives of millions Drawing from exclusive testimony landmark historical scholarship and stunning research Andrea Pitzer unearths the roots of this appalling phenomenon exploring and exposing the staggering toll of the camps our greatest atrocities the extraordinary survivors and even the intimate quiet moments that have also been part of camp life during the past century Masterly The New Yorker A Smithsonian Magazine Best History Book of the Year **Film & Video Finder**, 1987 *Latent Memory* Maxine Lowy, 2022-04-14 Generations of marginalized Jewish immigrants and refugees migrated to Chile during the first half of the twentieth century only to live through persecution during Pinochet's military coup Maxine Lowy asks how individuals and institutions may overcome fear indifference and convenience to take a stand even under intense political duress **Amidst Mass Atrocity and the Rubble of Theology** Peter Admirand, 2012-03-16 It is hubris to claim answers to unanswerable questions Such questions however as part of their burden and worth must still be asked investigated and contemplated How there can be a loving all powerful God and a world stymied by suffering and evil is one of the unanswerable questions we must all struggle to answer even as our responses are closer to gasps silences and further questions More importantly how and whether one articulates a response will have deep lasting repercussions for any belief in God and in our judgments upon one another Throughout this wide ranging interdisciplinary work Peter Admirand draws upon his extensive research and background in theology and testimonial literature trauma and genocide studies cultural studies philosophy of religion interreligious studies and systematic theology As David Burrell writes in the Foreword The work's intricate structure organization and development will lead us to appreciate that the best one can settle for is a fractured faith built on a fractured theodicy expressed in a language explicitly fragmented pluralist and broken **Long Night's Journey into Day** Alice L. Eckardt, A. Roy Eckardt, Irving Greenberg, Franklin H. Littell, 2016-11-08 Long Night's Journey Into Day is a stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian

and Jewish thought To Jews the Holocaust is the most terrible happening in their history but it must also be seen as a Christian event The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust examining such issues as the relation between human and demonic culpability the charge of God's guilt and the reality of forgiveness They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils This enlarged and revised edition takes into account new topics and developments including the issue of Austrian responsibility for the Holocaust the significance and aftermath of Bitburg and antisemitism in German feminism More detailed attention is also given to other modern genocides and occasions of humanly caused mass death Additional literary historical and religious works are considered and appropriate quotations incorporated The new edition also includes a revised preface an updated bibliography and two new appendices
