Strategic email marketing: build relationships and sell more with messages that no one ignores Reginaldo Osnildo, We live in an era of hyperconnectivity where new platforms and social networks emerge all the time, frantically competing for people's attention. In this scenario, we often hear predictions about the end of email or its supposed irrelevance in the face of more modern channels. However, the reality proven by data and the strategies of the world's biggest brands reveals exactly the opposite: email marketing is more alive, relevant, and profitable than ever. This book was created to demystify email marketing and show in a clear, strategic, and practical way how it can be a powerful tool for creating lasting relationships, strengthening brands, and boosting sales. Much more than just sending automatic emails or promotional messages, email marketing, when used well, is a channel for dialogue, trust, and building value. Here you will find a complete guide organized to guide your evolution step by step: we will start with the fundamentals that support a good strategy, moving on to building a qualified list, copywriting techniques, effective design, intelligent automation, until we reach the most advanced strategies, metrics analysis, and reputation management. But this is not just another technical manual. It is an invitation for you to see email marketing as it really is: an extension of your brand, a direct and personalized bridge with your audience. Throughout the pages, in addition to concepts and tools, you will find practical guidelines, inspiring examples, and strategic reflections so that you can immediately apply what you learn, adapting it to your context and your goals. Whether you're just starting out or already have some experience, this book is designed so that at the end, you'll have the genuine feeling that you've learned something transformative, and more importantly, that you're ready to put it into practice, achieve concrete results, and build relationships that go far beyond a simple inbox. Get ready to dive into a universe where every message sent can be an opportunity to authentically connect with people, generate value, and boost business. Yours sincerely, Reginaldo Osnildo
