Saxophone for Beginners Evergreen Music Studio, 2020-11-18 This manual is a comprehensive guide that will help you become a pro at playing the saxophone To start with we will discuss the main saxophone components like the mouthpieces reeds etc Making the wrong choices can lead to a journey of frustration instead of happiness and the feelings of accomplishment After the first section we ll discuss the sounds you ll get from a sax and the methods directly linked to this process such as how to breathe air into the saxophone correctly and how your mouth facial

muscles and tongue are used otherwise known as the embouchure When you do not carry out proper breathing and if your embouchure is poor it creates poor tonal quality Bad habits and mistakes with your mouth and tongue can take a lot of time to correct so you want to get it right the first time The next sections will discuss the concept of notes and how you can learn them finger coordination and the techniques you can use in becoming a sax pro We begin with a friendly and easy single note and slowly progress to playing complete songs When you learn these scales and do the associated scale based practical exercises it will position you for what is one of the sweetest things about playing the sax and the reason behind your learning it in the first place Lastly you will be taught songs that will provide you with an original repertoire of standard and famous tunes that most people are familiar with One great advantage of learning to play these songs is the confidence they will give you It will be particularly beneficial when you hear yourself playing what you once thought was impossible It is noteworthy to understand that proper breathing and embouchure are not something that you can be a master of in one week It takes time It will be frustrating initially but the truth remains that with every day that passes you ll get better and better With this easy to follow guide of tips and tricks you ll be making beautiful music faster than you ever dreamed possible So don t hesitate Not quite getting a hold on how to play the saxophone Then it is time you changed the approach you are using to learn the saxophone The saxophone is a straightforward instrument to learn even though by looking at it it could be a bit intimidating because of its so many parts and keys But in this book we will simplify a saxophone so that anyone even a beginner will understand This book isn t just a guide to point out the parts of a saxophone or show you musical charts but it also contains actionable tips Music is an art and with all art comes creativity Creating something melodious in your mind and with your mouth is quite easy But playing that same melody on your saxophone is where you ll need to apply some acquired skills As a beginner learning the saxophone you are bound to make common mistakes without the proper guidance Should I bother learning more about embouchure placement and harmonics What are the notes and scales on a saxophone and so on These are questions you need answers to in order to go from your current level to your desired level as a saxophonist The focus of this book is to break down the process of learning a saxophone and allow maximum exploration and expression with each step Learning a new art should not have to be complicated daunting and exclusive It is achievable soulful and full of creativity So even if you have no prior knowledge about a saxophone in this book you will find all you need to know along with techniques to begin your journey into the playing of a saxophone You ll discover Advanced tips on how to care for your instrument Correct embouchure Embouchure exercises Types of vibrato Fingering Chart with left hand and right hand tips How to read notes and scales Harmonics And much more The key takeaway from this book is that by the end of the book you will be able to play songs with your saxophone Get this book now
