

# Study Guide for the Lead Abatement Supervisor Certification Exam

California Department of Public Health  
Childhood Lead Poisoning Prevention Branch, Lead-Related Construction Unit

## Introduction

The purpose of the certification examination is to determine if the Lead Abatement Supervisor candidate possesses the necessary knowledge and abilities associated with performing the Supervisor job duties. This study guide has been developed to help you prepare for the Lead Abatement Supervisor certification examination.

To register for the Lead Abatement Supervisor certification examination, obtain a registration form from CPH HR by calling (916) 223-3624, option 3. CPH HR will provide information regarding examination administration schedules, locations, exam fees, and special accommodations.

You must take the Lead Abatement Supervisor certification examination prior to applying to the California Department of Public Health (CDPH) for certification, and you must also meet the CDPH requirements for training, education, and experience in order to become certified. You may take the exam as many times as you need to in order to pass. However, you must submit a completed re-examination form, and pay the re-examination fee to be rescheduled for a future examination. CDPH recommends that you take the Lead Abatement Supervisor course again if you fail the exam three or more times, but this is not a requirement.

## Examination Content Overview

The Lead Abatement Supervisor certification examination contains 180 questions, all written in the multiple-choice format. Each question has four distinct alternatives from which to choose. None of the examination questions are intended to trick the candidate. Although some of the examination questions may seem to have multiple correct responses, candidates should choose the one response that is best from among the four alternatives. You will be allotted three hours in which to respond to all 180 examination questions.

The Lead Abatement Supervisor certification examination assesses candidate competencies in six content areas. The knowledge and abilities assessed by each of the six content areas, as well as the specific references for each of the knowledge and abilities, are described below. It is from these references that the Lead Abatement Supervisor certification examination questions will be based.

## Regulatory Requirements

The 13 questions covering this content area require the candidate to demonstrate his/her knowledge of the applicable Federal and State regulatory requirements for lead testing and lead in construction activities. A successful candidate should possess the:

Knowledge of regulations governing the abatement of lead-contaminated dust and soil, and lead-based paint. (FED: Guidelines: Chapter 11, 12, and 13; 17 CCR 26060 and 17 CCR 26100)

Knowledge of how and when to conduct and/or obtain a suitable and secure on-site hazardous waste storage area/facility including accumulation quantities and class. (FED: Guidelines: Chapters 8, 18, and 12; 22 CCR 68262.34 and 22 CCR 68262.35)

Knowledge of how to safely dispose of water used at an abatement project. (MCD: Guidelines: Chapter 10)

Knowledge of waste handling and characterization procedures and how to interpret the results. (FED: Guidelines: Chapter 18; 22 CCR 68262 (Chapter 12, Article 11)

Knowledge of requirements associated with the CDPH Abatement Notification (including documentation, posting, and filing requirements). (17 CCR 26100)

Knowledge of the Federal and California Lead Worker Compliance Program requirements. (FED: Guidelines: Chapter 8; 17 CCR 1312.1)

Knowledge of CDPH Work Practice Standards. (17 CCR 26050 and 26100)

Knowledge of CDPH Definitions, Rules of Certification, Discipline, and the requirements for certification. (17 CCR 26050 – 26055; 17 CCR 26060, and 17 CCR 26100)

Knowledge of Federal and California Lead in Construction Exposure Assessment Requirements. (FED: 152.1; FPD: Guidelines: Chapter 9 and Appendix
