

# Fables

Fables are stories that are told that tell us a message. They usually have animals and the stories are designed so that a moral lesson is taught. Your teacher will read you a fable from a famous book called Aesop's fables. He wrote many stories that teach us valuable lessons in an interesting and amusing way.

## The Lion and the Mouse:

Answer the following questions in your books after your teacher has read you the story:

1. What did all the animals call the lion?
2. Do you think the mouse was afraid of the lion? Why?
3. Why did the lion throw back his head and laugh at the suggestion that perhaps the mouse may save his life one day?
4. What happened to the lion?
5. How did the mouse save the lion?
6. What do you think the moral of the story is?

Your teacher will read the moral of the story to you. Write it down:

Look up the following words in your dictionary that may be new vocabulary from the story:

Squawk  
Approve

scuttle  
loped

grateful

scamper  
despair

singe

The following paragraph is written in the past tense. Underline all the verbs and then rewrite the paragraph in the present tense by changing all those verbs:

There was once a mighty lion. He was powerful and strong and when he roared, the earth shook, the parrots squawked and the monkeys ran chattering to the tree tops. All the animals were afraid of him and they called him the King of the Beasts. The little mouse was especially frightened of the Lion for she knew that if one of his paws landed on top of her, she would be squashed as flat as a blade of grass.

In the sentences below, write down the word opposite to the one underlined:

1. Well little mouse, you have made me laugh.
2. Gently he lifted his paw from her tail.
3. The more he struggled the lighter he was held.
4. The mouse ran for the grass as fast as her legs could carry her.

*Parent's Guide to the Common Core: 3rd Grade* Kaplan Test Prep, 2014-07-01. Helping Your Child Succeed in Third Grade. A Parent's Guide to the Common Core. Schools across America are rolling out new, more rigorous curricula in order to meet the demands created by a new set of English and Mathematics standards known nationally as the Common Core State Learning Standards or Common Core. You can expect to see a number of changes in your child's third grade class based on the requirements of the Common Core standards. In an effort to address Common Core Reading requirements, students will now read more Informational Texts in their English Language Arts assignments. This type of passage provides facts and often deals with current events, science, and social studies. In addition, questions posed about these readings will ask students to find evidence and use it to formulate an argument. In order to master new Common Core Language Arts and Literacy standards, students will need a larger and stronger vocabulary to allow them to both tackle complex readings and write acceptable arguments. To address Common Core Math requirements, students will spend more time developing their understanding of specific and important math concepts. Students will be expected to both demonstrate understanding of each topic and apply their mathematical skills to real world situations. As a parent, it is important not only to understand the new Common Core 3rd grade standards but also to have the tools to help your child do his or her best in school. This Common Core workbook book is designed to provide you with the guidance and resources to support classroom learning and help your child succeed. It includes an annotated review of the standards highlighting what your child should master during third grade, 20 important lessons that you can do together with your child to support them as they progress through the school year, a Vocabulary section designed to make sure your child masters the most important academic words, 200 practice questions to improve your child's skills, a Diagnostic quiz, and 20 mini quizzes to check for understanding.
