Federal Communications Commission,2011 **The Praeger Handbook of Faith-Based Schools in the United States, K-12** Thomas C. Hunt,James C. Carper,2012-08-06 Exploring a subject that is as important as it is divisive this two volume work offers the first current definitive work on the intricacies and issues relative to America s faith based schools The Praeger Handbook of Faith Based Schools in the United States K 12 is an indispensable study at a time when American education is increasingly considered through the lenses of race ethnicity gender and social class With contributions from an impressive array of experts the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation The first volume examines three types of faith based schools Protestant schools Jewish schools and Evangelical Protestant homeschooling The second volume focuses on Catholic Muslim and Orthodox schools and addresses critical issues common to faith based schools among them state and federal regulation and school choice as well as ethnic cultural confessional and practical factors Perhaps most importantly for those concerned with the questions and controversies that abound in U S education the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children *Anabaptist/Mennonite Faith and Economics* Calvin Wall Redekop,Victor A. Krahn,Samuel J. Steiner,1994 The continuing conflict between the Anabaptist Mennonite community and the expanding industrial culture of the modern world has not been investigated This book addresses the issues which fuel that conflict focusing on the implications of subordinating an economic system to the theological framework of a Christian society Contributors Gregory Baum Lawrence J Burkholder Leo Driedger Kevin Enns Rempel Norm Ewert Jim Halteman Leland Harder Al Hecht Jim Lichti Jacob A Leowen John Peters Cal Redekop Walter Regehr T D Regehr Jean Seguy Robert Siemens Arnold Snyder Willis Sommer Mary Sprunger and Laura Weaver Co published with the Institute of Anabaptist and Mennonite Studies *Privacy, Technology, and the Criminal Process* Andrew Roberts,Joe Purshouse,Jason Bosland,2023-07-28 This collection considers the implications for privacy of the utilisation of new technologies in the criminal process In most modern liberal democratic states privacy is considered a basic right Many national constitutions and almost all international human rights instruments include some guarantee of privacy Yet privacy interests appear to have had relatively little influence on criminal justice policy making The threat that technology poses to these interests demands critical re evaluation of current law policy and practice This is provided by the contributions to this volume They offer legal criminological philosophical and comparative perspectives The book will be of interest to legal and criminological scholars and postgraduate students Its interdisciplinary methodology and focus on the intersection between law and technology make it also relevant for philosophers and those interested in science
