**Tony Northrup's DSLR Book: How to Create Stunning Digital Photography** Tony Northrup, 2014-11-26 The top-rated and top-selling photography ebook since 2012 and the first ever Gold Honoree of the Benjamin Franklin Digital Award gives you five innovations no other book offers. Free video training: 9 HOURS of video training integrated into the book's content requires Internet access. Travel around the world with Tony and Chelsea as they teach you hands-on. Appendix A lists the videos so you can use the book like an inexpensive video course. Classroom style teacher and peer help. After buying the book, you get access to the private forums on this site as well as the private Stunning Digital Photography Readers group on Facebook where you can ask the questions and post pictures for feedback from Tony, Chelsea, and other readers. It's like being able to raise your hand in class and ask a question. Instructions are in the introduction. Lifetime updates. This book is regularly updated with new content, including additional videos that existing owners receive for free. Updates are added based on reader feedback and questions as well as changing photography trends and new camera equipment. This is the last photography book you'll ever need. Hands-on practices. Complete the practices at the end of every chapter to get the real-world experience you need. 500 high-resolution original pictures. Detailed example pictures taken by the author in fifteen countries demonstrate both good and bad technique. Many pictures include links to the full-size image so you can zoom in to see every pixel. Most photography books use stock photography, which means the author didn't even take them. If an author can't take his own pictures, how can he teach you? In this book, Tony Northrup, award-winning author of more than 30 how-to books and a professional portrait, wildlife, and landscape photographer, teaches the art and science of creating stunning pictures. First, beginner photographers will master Composition, Exposure, Shutter speed, Aperture, Depth of field, blurring the background, ISO, Natural light, Flash, Troubleshooting blurry, dark, and bad pictures, Pet photography, Wildlife photography, mammals, birds, insects, fish, and more.
