These working guidelines were used as the basis for the official JEB working guidelines. They were prepared for use by members and sub-committees, all of whom were required to attend a rigorous standardisation meeting to ensure that the guidelines were consistently and fairly interpreted and applied in the marking of candidates' scripts.

An internationalisation meeting, decisions are taken, regarding the allocation of marks in the interests of fairness to all candidates in the context of an entirely systematic assessment.

The JEB will not enter into any discussions or correspondence about any working guidelines. It is acknowledged that there may be different views about some matters of emphasis or detail in the guidelines, and different interpretations of the application thereof. Hence, the specific mark allocations have been outlined.
