Managerial Accounting 14th Edition Exercise 12:

Managerial Accounting for Strategic Decision Making, Preliminary Edition Charles E. Davis, Elizabeth B. Davis, 2010-10-18 Business professionals that need to gain a stronger understanding of key accounting concepts will appreciate this book's approach. It focuses on the core concepts framed within the context of one company, C C Sports, and its supply chain. Through this example, they'll learn fundamentals of how a business operates along with the type of decisions that managers must make on a daily basis. Focus On mini chapters incorporate streamlined, complete coverage of certain topics. Reinforcing examples and exercises are also included to enable business professionals to assess their level of understanding before progressing to more advanced discussions.

Managerial Accounting, EMEA Edition James Jambalvo, 2019-10-15 To be a successful manager, you need to understand how foundational managerial accounting concepts apply to the business world. Managerial Accounting, 7th edition, helps students make direct connections between the classroom and the boardroom by presenting robust cases and managers' comments on real company issues. Known for its You Get What You Measure framework, this edition presents an updated focus on building students' decision-making and critical thinking skills through incremental analysis and data analytics coverage. Appropriate for both introductory and MBA Managerial Accounting courses, Managerial Accounting, 7th edition, helps prepare students for their role as future leaders.

Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition, which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity-based costing, target costing, the value chain, customer profitability analysis, and throughput costing, while also including traditional topics such as job order costing, budgeting, and performance evaluation. Many of the real-world examples in the Management Accounting Practice boxes have been revised and updated to make them more current, and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.
