Mckinsey Report On Schools:

The Politics of Differentiation in Schools Martin Mills, Amanda Keddie, Peter Renshaw, Sue Monk, 2016-10-26 In many English speaking countries teachers are encouraged to differentiate their classrooms and in some cases through various policy mechanisms This encouragement is often accompanied by threats and sanctions for not making the grade By exploring the ways in which one education system in Australia has mandated differentiation through an audit of teacher practices this book provides a timely engagement with the relationship between differentiated classrooms and social justice It covers tensions for instance between providing culturally appropriate classrooms including constructing engaging and relevant curricula and lowering expectations for students who have traditionally been marginalised by schooling The data for this book has been collected from the same group of teachers over a period of three years and offers detailed insights into how a particular politics of differentiation has played itself out in the context of a global reform movement that has focused on improving student outcomes *Improving Schools Using Systems Leadership* Ian Macdonald, Clive Dixon, Tony

Tiplady, 2019-06-26 It is easy to underestimate the impact that school organisation has on the behaviour effectiveness engagement and creativity of the teachers staff and students who work within it It also has a marked effect on the well being of staff members and how families and the community relate to the school Attempts to improve school organisation are often short term initiatives that only cover only one or two aspects of what it takes to organise a school effectively *Improving Schools Using Systems Leadership* in contrast provides those involved in the design and delivery of educational services with a coherent and easy to follow framework to help run an effective organisation Based on theory real data on education improvements at school and regional level and case studies this book demonstrates how Systems Leadership can be used to improve school organisation It integrates models of leadership teamwork capability structure and systems to help make them more effective in improving the learning outcomes of students and also sustain this improvement over time This book explains how Systems Leadership can and has been applied in schools to bring clarity to the purpose structure and systems within a school and have a major impact on its success As such it is an essential text for school leaders and managers looking for practical tools to help improve the working lives of the people within their organisation and hence their effectiveness
