Parham, III, 2019-07-29 Star Trek The Next Generation blended speculative science fiction and space opera in its portrayal of communication Multiple modes of communication used between characters are presented and the multilevel tapestry of communication in the series is critical in its appeal This book proposes that these patterns of communication reveal a foundational philosophy of Star Trek while enticing millions of viewers These patterns serve both to cause strong empathetic connections with characters and to impel viewers to form

relationships with the show explaining their extreme devotion **Cinematic Women, From Objecthood to Heroism: Essays on Female Gender Representation on Western Screens and in TV Productions** Lisa V. Mazey, 2020-05-05

Women have fulfilled film roles that exhibit their historically subservient or sexualised positions in society among others Over the decades the gender identity of women has fluctuated to include powerful women emotionally strong women lesbian women and even neurologically atypical women These identities reflect the change in societal norms and what is now acknowledged as more likely and more mainstream The evolution of society's views of women can be mapped through these roles from 1950's America where women were depicted as the counterpart to male characters and their masculinity either as a threat or support to the patriarchal norms to more recent times where these norms have been questioned challenged deconstructed and reconstructed to include women in a more equitable balance The fight for equal access equal pay and equal standing still exists in all walks of life and different cultures requiring continued scrutiny of the norms that made that fight necessary The essays offer a unique vantage of the changing culture and conversations that allowed encouraged and praised an evolution of women's roles They strive to represent the issues faced by women from the early heyday of Hollywood through to films as recent as 2007 examining depictions of the masculine gaze mental and physical oppression the mother figure as well as how these roles may develop in the future The book contains valuable material for film students at an undergraduate or post graduate level as well as scholars from a range of disciplines including cultural studies media studies film studies and women's and gender studies **Film Review**, 2001 Star Trek Chronology Michael

Okuda, Denise Okuda, 1996 A comprehensive chronology of Star Trek history begins with the birth of Captain James T Kirk and his service on the Enterprise to the most recent adventures of Captain Jean Luc Picard and his crew From product's description *Net Trek* Kelly Maloni, 1995 Packed with concise high interest descriptions handy side bars and eye-catching graphics this is the first comprehensive listing of online Trekker interest groups conferences forums games and trivia It covers the Internet the major commercial services including CompuServe America Online and Prodigy and hundreds of bulletin boards **A Different Trek** David K. Seitz, 2023-07 A different kind of Star Trek television series debuted in 1993 Deep Space Nine was set not on a starship but a space station near a postcolonial planet still reeling from a genocidal occupation The crew was led by a reluctant Black American commander and an extraterrestrial first officer who had until recently been an anticolonial revolutionary DS9 extended Star Trek's tradition of critical social commentary but did so by transgressing many of Star Trek's previous taboos including religion money eugenics and interpersonal conflict DS9 imagined a twenty-fourth century that was less a glitzy utopia than a critical mirror of contemporary U.S. racism capitalism imperialism and heteropatriarchy Thirty years after its premiere DS9 is beloved by critics and fans but remains marginalized in scholarly studies of science fiction Drawing on cultural geography Black studies and feminist and queer studies *A Different Trek* is the first scholarly monograph dedicated to a critical interpretation of DS9's allegorical world building If DS9 has been

vindicated aesthetically this book argues that its prophetic place based critiques of 1990s U S politics which deepened the foundations of many of our current crises have been vindicated politically to a degree most scholars and even many fans have yet to fully appreciate

Star Trek and the Tragic Hybrid Carolyn Burlingame-Goff,2024-06-06 Spock Data Worf B Elanna Torres Seven of Nine Odo Michael Burnham Soji Many of Star Trek s most beloved characters are children of two worlds the products of competing biologies materials and cultures Their popularity is unsurprising authors mine conflicted identities for dramatic effect and viewers see their own struggles reflected in the challenges of individuals who never seem to quite fit in This book demonstrates that the tradition is not new Spock and his fellow hybrids have their roots in anti slavery literature Abolitionist authors introduced protagonists who were both Black and White yet not fully accepted as either Divided at their core the attempts of these noble yet tortured individuals to bridge their two races inevitably ended in tragedy Gene Roddenberry and his successors thrust the character type into the future using it to explore the evolving racial attitudes of their times Star Trek s tragic hybrids have asked audiences to see beyond color to embrace multiculturalism to accept mixed race identity and finally to acknowledge the consequences of systemic oppression

Star Trek Duncan Barrett,Michèle Barrett,2016-08-05 In a world shrunk by modern transport and communication Star Trek has maintained the values of western maritime exploration through the discovery of strange new worlds in space Throughout its fifty year history the starry sea has provided a familiar backdrop to an ongoing interrogation of what it means to be human This book charts the developing Star Trek story from the 1960s through to the present day Although the core values and progressive politics of the series earliest episodes have remained at the heart of Star Trek throughout half a century in other ways the story it tells has shifted with the times While The Original Series and The Next Generation showed a faith in science and rationalism and in a benign liberal leadership with Deep Space Nine and Voyager that modern order began to decline as religion mental illness and fragmented identities took hold Now fully revised and updated to include the prequel series Enterprise and the current reboot film series this new second edition of Star Trek The Human Frontier published to coincide with Star Trek s golden jubilee celebrations addresses these issues in a range of cultural contexts and draws together an unusual combination of expertise Written to appeal to both the true Trekker and those who don t know Star Trek from Star Wars the book explores and explains the ideas and ideals behind a remarkable cultural phenomenon
