Episode One Suicide Pact:

A Seventh Child and The Law Patrick Shuk-siu Yu, 1998-06-01 The author comes from a distinguished family in Hong Kong His father Yu Wan was an eminent figure in educational circles both before and after the Second World War In Part I of this book there is a detailed description of the unique circumstances under which the author as a matriculation student was awarded a government scholarship to enter the University of Hong Kong in 1938 Altogether unpredictably this started a chain of events which landed him in two wartime jobs in China with British Naval Intelligence and the Chinese Nationalist Army respectively After the war he won a Victory Scholarship to further his education at Oxford and finally qualify as a barrister at law He attributes his good fortune to being the seventh child of his father who was himself a seventh child Hence the title of this book Part II of this work consists of an accurate separate account of eight actual court cases handled by the author as Defence Counsel These specially chosen and cleverly captioned cases all make fascinating reading because each of them carries a distinct flavour of its own ranging from murder trials with an unexpected turn of events and a variety of fraud cases to an intriguing account of an attempt to set up an innocent traffic policeman which was only barely frustrated The manner in which the defence in each case was conducted is of particular interest Blackstone's Statutes on Criminal Law 2015-2016 Peter Glazebrook, 2015 Fully revised and updated to include all recent legislation this edition provides comprehensive coverage of all the major criminal law documents needed by undergraduates It also includes unannotated primary and secondary legislation and detailed tables of content to aid quick and efficient research **Blackstone's Statutes on Criminal Law 2019-2020** Matthew Dyson, 2019 This is an abridged collection of legislation carefully reviewed and selected by Matthew Dyson Blackstone's Statutes on Criminal Law 2020-2021 Matthew Dyson, 2020 Fully revised and updated to include all recent legislation this edition provides comprehensive coverage of all the major criminal law documents needed by undergraduates It also includes unannotated primary and secondary legislation and detailed tables of content to aid quick and efficient research **Blackstone's Statutes on Criminal Law 2013-2014** Peter Glazebrook, 2013-08-08 Market leading and first choice with students and lecturers Blackstone's Statutes have a 25 year tradition of trust and quality unrivalled by others and a rock solid reputation for accuracy reliability and authority Relied on by students in exams and for course use since 1987 they set the standard by which other statute books are measured **The Right to Be Protected from Committing Suicide** Jonathan Herring, 2022-06-16 This book argues that suicidal people have the right to receive treatment and for reasonable steps to be taken that they are protected from killing themselves Those suffering threats to life from mental health issues deserve the same protection as those who face threats to life from ill health or violence from others The book explores the ethical and legal case for giving those beset with suicidal thoughts the treatment they need and for reasonable steps to be taken to prevent them attempting suicide Debates around suicide tend to be dominated by cases involving those with terminal medical conditions seeking assisted dying But of those wishing to die it

is far more common to find middle aged men and young people oppressed by mental health and personal problems Too often the woeful failure in the funding of mental health services in the UK means that suicidal people are denied the support and help they desperately need This ground breaking book makes the legal and ethical case for recognising that the state and public authorities have a duty to provide and implement an effective suicide prevention strategy Blackstone's Statutes on Criminal Law 2014-2015 Peter Glazebrook,2014 Blackstone s Statutes have a 25 year tradition of trust and quality unrivalled by other statute books and a rock solid reputation for accuracy reliability and authority Content is extensively reviewed to ensure a close map to courses Blackstone s Statutes lead the market consistently recommended by lecturers and relied on by students for exam and course use Blackstone s Statutes are the original and best setting the standard by which other statute books are measured Each title is DT Trusted Ideal for exam use DT Practical Find what you need instantly DT Reliable Current comprehensive coverage DT Relevant Content based on detailed market feedback Visit www.oxfordtextbooks.co.uk or statutes for accompanying online resources created with the assistance of the Statute Law Society including videos on how to use your statutes book and how legislation is made *Blackstone's Statutes on Criminal Law 2021-2022* Matthew Dyson,2021 Fully revised and updated to include all recent legislation this edition provides comprehensive coverage of all the major criminal law documents needed by undergraduates It also includes unannotated primary and secondary legislation and detailed tables of content to aid quick and efficient research **SUICIDE IN MEN** David Lester,John F. Gunn,Paul Quinnett,2014-06-01 The goal of this book is to explore the phenomenon of suicide focusing on males who are at a greater risk than females Scholars and mental health professionals continue to have the tendency to ignore men and focus instead on the more narrow demographic groups Attention is drawn to the lack of help seeking behavior exhibited by men as well as the numerous recommendations for the prevention of male suicide The issues specific to male suicide includes the atypical nature of male depression the role of loneliness drug and alcohol abuse the male hormone testosterone and men s preferred method for suicide guns Suicide in specific groups of men including male athletes soldiers mass and serial murderers suicide bombers murder suicides and famous creative men is discussed in great detail In addition the text explores the many and varied reasons for suicide in gay men and in ethnic minorities The invited contributors provide a cross cultural viewpoint with essays on male suicide in Australia China Ghana Palestine and Uganda Two examples are given for potential programs that appear to be effective for men Mates in Construction which was designed to help construction workers in Australia and Question Persuade and Refer QPR training The book concludes with discussions of how to prevent suicide in men a group known to deny the existence of personal problems and is reluctant to seek help With three illustrations and 19 tables this book will be an excellent resource for crisis interveners researchers counseling centers mental health professionals and human service providers **Insurance Law** Ray Hodgkin,2016-07-26 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **A New Homicide Act for England and Wales?** Great Britain: Law
