## Abstract

The success of the *Fifty Shades* trilogy signifies more than an uncovering of Bondage, Dominance/Discipline, Sadism/Submission, and Masochism sexual practices to widestream public audiences. It reflects a shift in values—what we value as a society, what we desire and fantasize about, how we talk about sex, what kinds of sexual practices we want to read about, experiment with, and watch. The underlying premise of sexual self-help in *Fifty Shade's* helped it become one of the most widely read and discussed texts in generations. As the therapeutic ethos demands: If individuals have difficulty maintaining an exciting sex life, it must be their fault. People often turn to self-help to guide them. The sexual scripts in *Fifty Shades* provided women with these self-help tools. The ways that the *Fifty Shades* trilogy provide communicative sexual self-help and how that contributed to its explosive success are explored in this manuscript.

## Introduction

In 2012 Erika Leonard, writing under the pseudonym James released the *Fifty Shades* (FS) trilogy (*Fifty Shades of Grey* 2012a; *Fifty Shades Darker* 2012b; *Fifty Shades Freed* 2012c), creating an international sensation. No book has ever sold as fast, resulting in a record number of book sales in 2012, becoming the best selling text of the decade Reid (2019), earning James \$95 million in 2012 (Bercovivi 2013). The general public and scholars alike are still trying to make sense of FS mania, unable to pinpoint what made FS so compelling and how the text impacted sexuality and culture. While there are many factors that contributed to the success of FS (e.g. timing, access), the underlying premise of sexual self-help facilitated its ascent to become one of the most widely read and discussed texts in generations.
