Peter Buckley

Football Manager 2013 Guide :

Routledge Handbook of Football Studies John Hughson, Kevin Moore, Ramón Spaaij, Joseph Maguire, 2016-10-04

Football is unquestionably the world's most popular and influential sport. There is no corner of the globe in which the game is not played or followed. More countries are affiliated to FIFA, football's governing body, than to the United Nations. The sport has therefore become an important component of our social, cultural, political and economic life. The Routledge Handbook of Football Studies is a landmark work of reference going further than any other book in considering the historical and contemporary significance of football around the world. Written by a team of leading sport scholars, the book covers a broad range of disciplines from history, sociology, politics and business to philosophy, law and media studies. The central section of the book examines key themes and issues in football studies such as the World Cup and international competition, governance and ownership, fandom and celebrity. The concluding section offers in-depth surveys of the culture and organisation of football in each of the regional confederations from UEFA to CONCACAF. This book will be fascinating reading for any serious football fan and an essential resource for advanced students or scholars undertaking research in football or sport studies and any practitioner or policy maker working in football.

This book presents answers to these questions by discussing the key academic research that is integral to coaching practice. It will also provide actual, specific examples that demonstrate how these theories can be applied within the coaching environment and more specifically within the coaching practice of a football coach. It is written by contributors with expertise as academics within higher education whilst also having years of experience working at the highest level within the industry. **Football Coaching: Putting the Theory into Practice** is key reading for all students on any coaching degree, especially those studying football coaching as well as benefitting any football coach and coaches from other sports, specifically coaches from sports that are classified as invasion games.
