**Advertising and Promotion** Dr. Chris Hackley, 2005-01-26 A readable and absorbing account of what advertising people try to achieve whether or not they know quite how or why grounded in Chris Hackley's real and recent acquaintance with the practicalities of advertising as well as its principles He minimises the inevitable jargon of linguistics and communication theory His own language is always accurate and clear and often engaging The well managed flow from chapter to chapter sustains interest and enjoyment I read the book from cover to cover in one sitting

Chris Blackburn The Business School Oxford Brookes University formerly Account Director at Foote Cone the book also explains how advertising comes to cast its all enveloping shadow over contemporary consumer culture Many case examples drawn from major international campaigns are used to illustrate the power of advertising to portray brand personalities in terms that resonate with consumers across many cultures It contains detailed coverage of the major areas of advertising and marketing communications but it is not a simplistic treatment

Advertising and Promotion takes a novel intellectual approach and draws on concepts from the wider humanities and social sciences to cast fresh light on an over familiar subject matter It uniquely combines detailed case information current research and lively topical issues to offer an authoritative and comprehensive account of advertising's pre eminent role in contemporary marketing communications It is an advanced student text a reflective practitioner's handbook and an insightful account for the general reader
