

University of Wisconsin-Madison Local Regions of the West

Geography 480: Introduction to Geographic Information Systems
Spring 2025

The United States is a vast country with a long history of settlement. The western half of the country is particularly diverse, with a wide range of climates, topography, and natural resources. This diversity has led to the development of distinct local regions within the West.

This report identifies and describes the major local regions of the West, highlighting their unique characteristics and contributions to the overall western landscape.
