Proposition 65 Warning for Auto Parts Service

WARNING

Many vehicles contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. These chemicals are contained in or on vehicle components and replacement parts, vehicle fluids and gases and materials used in automotive repairs, including, but not limited to, fuel, oil, batteries, brakes, air, wheel balancing weights. When you purchase, obtain, or maintain your motor vehicle, you will be exposed to listed chemicals contained in used oil, waste and replacement fluids, fumes, gases, greases, brakepads, tires, suspension replacement parts, and performance from component wear. When we service your motor vehicle, we will remove used components for you upon request. Used parts and components contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

To minimize your exposure when servicing, maintaining, or cleaning your vehicle: (1) work in a well-ventilated area; (2) do not smoke, drink, or eat while working; (3) wash your hands when finished or when taking a break; and (4) follow all manufacturer instructions pertaining to proper use and maintenance of motor vehicles and vehicle components.

Printed in accordance with Proposition 65 of the California Health & Safety Code (20091) or used for better information about Proposition 65: <http://www.cdph.ca/Programs/CID/DCDC/Pages/prop65.aspx>

I authorize the retrieval of on-board data as needed to facilitate vehicle repair, as well as the sharing of that data with the vehicle manufacturer for diagnostic and research purposes.

nature have been recognized and relied on for centuries as a valuable part of convalescence recent history has seen nature's
therapeutic role virtually eclipsed by the technological dominance of modern medicine As the twentieth century comes to a
close and the medical community reacknowledges the importance of the environment to recovery the healing garden is
emerging as a supplement to drug or technology based treatments Healing Gardens celebrates this renewed interest in
nature as a catalyst for healing and renewal by examining the different therapeutic benefits of healing gardens and offering
essential design guidance from experts in the field Unique and comprehensive Healing Gardens provides up to date coverage
of research findings relevant design principles and approaches and best practice examples of different types of healing
gardens It begins by exploring what current research reveals about the connection between nature human stress reduction
and medical outcomes It then presents case studies and design guidelines for outdoor spaces in medical settings that include
general psychiatric and children's hospitals as well as hospices nursing homes and Alzheimer's facilities Historical
information literature reviews and studies on use are included for each type of outdoor space covered offering important
insights into what works in healing gardens and what doesn't Generously supplemented with photographs site plans
anecdotes and more Healing Gardens is an invaluable practical guide for landscape architects and others involved in creating
and maintaining medical facilities and an extremely useful reference for those responsible for patient care A unique and
comprehensive look at the therapeutic effects and design of healing gardens For more and more people the shortest road to
recovery is the one that leads through a healing garden Combining up to date information on the therapeutic benefits of
healing gardens with practical design guidance from leading experts in the field Healing Gardens is an important resource
for landscape architects and others working in this emerging area With the help of site plans photographs and more it
