

USER'S MANUAL

1.0 GENERAL INFORMATION

General Information section explains in general terms the system and the purpose for which it is intended.

1.1 System Overview

ArboWebForest is application, which allows collecting information about forest plots. The application provides electronic version of form used in collecting plot information. The application saves data collected to database. Its operational status is under development. ArboWebForest operates on mobile devices with Android operating system.

1.2 Organization of the Manual

The user's manual consists of five sections: General Information, System Summary, Getting Started, Using The System, and Reporting.

General Information section explains in general terms the system and the purpose for which it is intended.

System Summary section provides a general overview of the system. The summary outlines the uses of the system's hardware and software requirements, system's configuration, user access levels and system's behavior in case of any contingencies.

Getting Started section explains how to get ArboWebForest and install it on the device. The section presents briefly system menu.

Using The System section provides a detailed description of system functions.

Reporting section describes in what way information collected by the application are presented and how to access the information.
