A Catalogue of Catholic Books in English Printed Abroad Secretly in England 1558 1640 Known simply as A R it is the
standard listing of the clandestine vernacular output of English Catholics during that period Now after more than thirty years
work Allison and Rogers have produced a substantially updated comprehensive catalogue to be published in two interlocking
volumes This first volume describes books which are linked to specific English Catholic writers including translators and
editors or to various English bodies and nearly two hundred other publications which concern English Catholic affairs It is a
major reference tool for historians and bibliographers The one thing that has characterised the two editors in everything they
have done is their careful and painstaking scholarship and that is evident throughout this work this monument will stand for
a long time and serve students of the history religion and literature of early modern Europe for many years to come The
