The Hawker Hurricane was a British single seat fighter aircraft that was designed and predominantly built by Hawker Aircraft Ltd for the RAF Although overshadowed by the Spitfire during the Battle of Britain the Hurricane accounted for 60% of the RAF s air victories in the battle and served in all the major theatres of the Second World War The 1930s design evolved through several versions and adaptations resulting in a series of aircraft that acted as interceptor fighters fighter bombers also called Hurribombers and ground support aircraft Further versions known as the Sea Hurricane had modifications that enabled operation from ships Some were converted as catapult launched convoy escorts known as Hurricats More than 14 583 Hurricanes were built by the end of 1944 including at least 800 converted to Sea Hurricanes and some 1 400 built in Canada The book collates a variety of pamphlets and manuals on the plane that were produced throughout the war for the benefit of pilots and others associated with the aircraft

**Ten Squadrons of Hurricanes** Adrian Stewart, 2016-08-31 For many years the importance and contribution of the Hawker Hurricane was eclipsed by the Spitfire but statistically the Hurricane was superior in the majority of cases Thanks to Tommy Sopwith's initiative and gamble the Hurricane was ready at the outbreak of the Second World War and in service throughout As this superbly researched book reveals by examining the roles actions and personalities of ten Hurricane squadrons this iconic aircraft was not only exceptionally robust but astonishingly versatile We track its performance from the Battle of France and Britain through the Middle East Italy and on to Burma It excelled as day and night interceptor intruder and importantly as a rocket firing tank buster The Hurricane inspired great loyalty among its pilots and their colourful personalities and thrilling experiences make this splendid book an informative and entertaining read *United States Government Publications Monthly Catalog*, 1941-07

**Spitfire Down** Dilip Sarkar, 2022-09-15 Profoundly moved by the stories of wartime casualties as a child Dilip Sarkar has since spent a lifetime reconstructing the lives of many of the fallen and is passionate about recording and sharing this very personal hidden history In *Spitfire Down* he explores the stories of thirteen pilots who failed to return all killed either in action or flying accidents while a fourteenth Flying Officer Buck Casson was brought down by a

German ace over France and captured There is for example the virtually unknown story of The Baby of the RAF Sergeant Geoffrey Painting Posted to fly Spitfires with 118 Squadron at RAF Ibsley in Hampshire Painting was hit by flak during an attack on enemy shipping off Cherbourg on 30 September 1941 Still listed as missing at just 17 he is believed to have been the youngest RAF pilot killed during the Second World War The author has reconstructed Painting's short life with help from his family and forensically deconstructed that last flight with the help of the now late Wing Commander Peter Howard Williams DFC who was flying with the teenage pilot that day The author also explores the heart rending story of an American trainee fighter pilot Pilot Officer Jim Bob Lee whose Spitfire collided with a Wellington bomber over Gloucestershire resulting in the loss of all airmen involved Two Canadian pilots perished on Pen y Fan the highest peak in South Wales The multi national effort that defeated Hitler is further emphasised in fact through the stories of both Wing Commander Piotr Laguna and Flying Officer Franek Surma But perhaps most tragic of all is how lightning struck Joan Welch twice her first fiancé Flight Lieutenant Lester Sanders DFC was killed test flying Spitfires in 1942 and her second Pilot Officer Ian Smith was killed flying in Palestine in 1945 Using correspondence diaries and other personal papers of the pilots concerned the author has reconstructed their all too brief lives and provided a lasting and profusely illustrated record of these sacrifices

*Kenneth Lee DFC* Nick Thomas, 2011-02-28 The heroic life of the pilot who became an ace with one of the most successful fighter squadrons in the RAF and a captive in a notorious Nazi POW camp Following training Lee received his commission and was posted to 501 Squadron which was sent to support the Expeditionary Force in France arriving on 10 May only hours after the Blitzkrieg had been launched Lee quickly opened his score claiming several bombers during the first week of operations Having been wounded when his Hurricane exploded following a dogfight Lee was briefly rested but soon rejoined the Squadron before they moved to their first Battle of Britain base at Middle Wallop Lee scored more damaged and destroyed enemy aircraft and by the end of July he was Mentioned in Dispatches Lee was forced to take to his parachute for the second time learning of the richly deserved award of his DFC while still recovering from his wounds He later recalled how each of the Squadrons aces even Ginger Lacey had been shot down at least twice during that summer Lee was later posted to 112 Shark Squadron flying Curtis Kittyhawks on Fighter and Fighter Bomber missions in North Africa and then to 260 Squadron which was heavily involved in the lead up to the battle of El Alamein seeking out and destroying enemy troop columns and fighting off the Luftwaffe which still had air superiority In March 1943 123 Squadron began Fighter Bomber operations against Mediterranean targets During one Lee was hit by AA and made a forced landing in an olive grove He was captured and sent to Stalag Luft III just in time to play a key role in the Great Escape
