encourage you to exercise caution when purchasing technical publications for your classic motorcycle or automobile as many
of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no
idea what they are selling Many are nothing more than poor quality digital or comb bound photocopies that are scanned or
printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even
refurbished In addition they are often advertised for the incorrect series and or model years However VelocePress com has
been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent
reviews worldwide so you can be assured you are purchasing a quality product *Workshop Manual 365/371XP* Husqvarna
