**K9 Officer's Manual** Robert S. Eden, 1993      *K9 Drug Detection* Resi Gerritsen, Ruud Haak, 2016-12-09 Dr Resi Gerritsen and Ruud Haak are internationally recognized experts in training dogs for search and rescue drug and explosive detection and IPO Schutzhund. They are currently training directors and international judges for the International Rescue Dog Organisation IRO and the Fédération Cynologique Internationale FCI.

**K9 Explosive and Mine Detection** Resi Gerritsen, Ruud Haak, 2017-07-07 A comprehensive guide to training and certifying K9 explosive detection teams. Learn how to Train your K9 to detect and safely alert for explosive substances. Conduct operational searches in buildings, vehicles, ships and planes. Train your dog for the specialized work of mine detection. In the high stakes realm of explosive detection where even the smallest mistake can have fatal consequences, the margin of error is zero. Well trained dog handler teams can play a key role in explosive detection but only if their training is top notch. Dr Resi Gerritsen and Ruud Haak have worked with police departments around the world to help them establish and improve their K9 explosive detection training programs and in this book they share their expertise with handlers and trainers looking to enhance their own performance. They teach how to pick the right dog for explosive detection work, how to train the dog to detect explosives and how to properly execute a variety of training and operational searches. They also provide some of the background knowledge you'll need about common explosives and the many factors that can influence a K9's work. Along with essential health and safety precautions for you and your dog, you'll also learn how to test and certify dogs and handlers to ensure excellent performance in the field.

**K9 Investigation Errors** Resi Gerritsen, Ruud Haak, 2016-05-23 Make sure your K9 investigation work holds up in court. Based on Resi and Ruud's previous book *K9 Fraud* with updated content and a new chapter. Learn how to Avoid the most common mistakes handlers make. Become a better trainer and handler with a scientific understanding of scent and tracking work. Train your dog for scent identification lineups using the scientifically proven Dutch standard. Faulty K9 investigations often have serious consequences: the guilty might walk free and the innocent might suffer. Internationally recognized dog handlers and trainers Dr Resi Gerritsen and Ruud Haak use real life case studies, historical and recent, to highlight K9 errors that can derail entire investigations. Each of these mistakes, such as influencing your dog's results or relying on contaminated scents, damages your reputation and the value of your work. But with the right knowledge and training protocols, you can minimize investigation errors. K9 errors have hampered investigations from the earliest uses of dogs for police work in Europe to twenty-first century cases such as the 2001 anthrax attacks in the United States. Don't let the same mistakes happen to you and your team. Get a free ebook through the Shelfie app with the purchase of a print copy.
