

Kelley Eidem's recipe: habanero peppers, garlic, ginger plus emulsified cod liver oil or evening primrose oil to "balance your metabolism" (Dr. Emanuel Revici): a powerful cure for cancer?

Copyright © July 2009 Healing Cancer Naturally

Kelley Eidem, the "inventor" of a novel "recipe" to erase cancerous tumors, is the accomplished author of what I consider a very important book, *The Doctor Who Cures Cancer* (see bottom of this article). The exceptional physician whose outstanding achievements and lifework are thoroughly covered in this work* is Dr. Emanuel Revici who from my impression stands heads and shoulders above possibly all others who have gone before (compare *Healing Cancer Naturally's* upcoming review of this major book).

* as well as the history of the suppression of his breakthrough discoveries not "just" in the area of cancer but also in many other fields of healing

Based upon what Kelley Eidem had learned when researching and writing his book on the life work of Dr. Revici, he devised a simple formula that (coupled with the serene conviction that he could do it) helped him heal what he determined to be stage 4 cancer in a matter of a few weeks. This was over a decade ago.

More recently, he started to spread the good news on his hub page <http://hubpages.com/hub/How-I-Cured-Stage-4-Cancer-in-Two-Weeks-For-Less-Than-The-Cost-Of-A-Night-At-The-Movies>

While he adds that "... curing deadly cancer is probably almost as easy as curing deadly scurvy. I'm saying 'probably' because I've only recently started sharing my cure, so the results are early", he does have some impressive responses from several people both with cancer and other afflictions who have tried his "recipe" with varying degrees of success. (Of course, as in many if not most cancer cures, the power of the mind as expressed in the will to live and confidence in the healing power of the human body has surely played a minor [or major] part in these improvements as well [compare stories illustrating the dramatic impact of the well-known placebo effect]).

Here is Kelley Eidem's short (but anything but sweet!) recipe.

(1) Freshly grate one habaneros pepper each day and put it on bread (persons unable to tolerate peppers can substitute freshly grated ginger (never from a jar).

(2) Freshly grate two cloves of garlic each day and put them on bread (since the "potent active ingredients from the peppers and the garlic disperse quickly... they must be grated each day, and eaten immediately".
