Regards Sur la Crise Grecque Anastase Adonis, 2016 La crise grecque et l'Europe Fabien Mercier, 2011 Quelle part de responsabilité partagent le gouvernement grec l'Europe les spéculateurs dans le déclenchement et l'aggravation de la plus grande crise souveraine européenne moderne La problématique de la crise grecque passe largement le seul cadre grec Les marchés financiers et les médias anglosaxons se sont vite approprié la crise pour prédire la fin ni plus ni moins de l'Euro Cet ouvrage passe tout d'abord en revue les idées reçues sur la crise grecque chiffres l'appui Puis il s'intéresse aux motivations de ces faiseurs d'opinions Enfin il critique la réponse clairement sous optimale de la gouvernance européenne et ses conséquences dans l'aggravation de la crise Préface de Jacques Regnèze Professeur Associé Université Panthéon Assas chargé de cours à l'Université de New York , *La Grèce et la crise mondiale* A. P. Phrangoules, 1926 **Europe's Century of Crises Under Dollar Hegemony** Brendan Brown, Philippe Simonnot, 2020-10-08 This book showcases written dialogue from Brendan Brown and Philippe Simonnot on the subject of European monetary turmoil past and present and what hope there could be for future reform Starting with the collapse of the gold standard in 1914 proceeding to the brief gold dollar standard of the mid inter war years on to the collapse of Bretton Woods and the heyday of the Deutsche mark and ultimately discussing the euro this book looks at a broad range of financial history alongside many new and provoking hypotheses about the devastating monetary turbulence of the successive eras always with a focus on the US monetary hegemon A highlight of the dialogue is an exploration of how past and future crises could combine to give birth to sound money in Europe the launch in effect of a new euro In the questions and answers within these pages the authors draw on global examples and the challenges for Europe in deciding how to adapt to successive monetary shocks from the US crafting a book that would be of interest to general finance and economics readers alongside students researchers and policymakers The Greek Junta and the International System Antonis Klapsis, Constantine Arvanitopoulos, Evanthis Hatzivassiliou, Effie G. H. Pedaliu, 2020-02-19 This book examines the international dimensions of the Greek military dictatorship of 1967 to 1974 and uses it as a case study to evaluate the major shifts occurring in the international system during a period of rapid change The policies of the major nation states in both East and West were determined by realistic Cold War considerations At the same time the Greek junta a profoundly anti modernist force failed to cope with an evolving international agenda and the movement towards international cooperation Denouncing it became a rallying point both for international organizations and for human rights activists and it enabled the EEC to underscore the notion that democracy was an integral characteristic of the European identity This volume is an original in depth study of an under researched subject and the multiple interactions of a complex era It is divided into three sections Part I deals with the interaction of the Colonels with state actors Part II deals with the responses of international organizations and the rising transnational human rights agenda for which the Greek junta became a totemic rallying point and Part III compares and contrasts the transitions to democracy in Southern Europe and analyses

the different models of transition and region building and how they intersected with attempts to foster a European identity The Greek dictatorship may have been a parochial military regime but its rise and fall interacted with significant international trends and can therefore serve as a salient case study for promoting a better understanding of international and European trends during the 1960s and 1970s This book will be of much interest to students of Cold War studies international history foreign policy transatlantic relations and International Relations in general **Regards sur la "crise" grecque**
