## **Low Light Field Guide Low Light:**

*The Low Light Photography Field Guide* Michael Freeman, 2014-04-29 In bright light it is easier to take a beautiful photograph with your DSLR. When the sun starts to go down or you are shooting indoors a whole new skill set is needed. This new addition to the successful Field Guide Series will help you shoot what potentially could be the most lovely image without the help of natural light. No more harsh flash photographs with dreary backgrounds and no more blurry night shots that were exposed too long. Opening with a section on the qualities of different kinds of low light the book then deals with ways of overcoming gloomy situations whether you are shooting hand held or on a tripod. Post production fixes are also covered allowing you to turn difficult shots into real works of art. *The Low Light Photography Field Guide* Michael

Freeman, 2011-11-07 Like all the titles in this successful series *The Low Light Photography Field Guide* offers advice from a respected expert and professional. In this volume Michael Freeman looks at an area that remains problematic for photographers with even top of the range equipment: low light. Opening with a section on the qualities of different kinds of low light the book then deals with ways of overcoming gloomy situations whether you are shooting hand held or on a tripod. Post production fixes are also covered allowing the reader to turn difficult shots into amazing images. **Lighting Digital**

**Field Guide** Brian McLernon, 2010-10-01 Essential lighting guide for users of compact cameras and dSLRs. One of the most important aspects of photography is lighting but getting the lighting right is tricky. When should you use flash? Are a camera's automatic settings dependable? Should you use reflectors or diffusers and where do you place them? This handy portable reference will show you when, where and how to create and capture perfect light every time. The book includes a color checker card to help you maintain true color as well as examples of stunningly lit photos of people, wildlife and landscapes to inspire you. Walks you through the essentials of lighting for digital photography. Helps beginning and intermediate photographers leave the safety of automatic settings and confidently control lighting themselves. Shows how to evaluate natural light, decide when to use flash and how and when to use diffusers or reflectors. Includes a tear out color checker card to help you maintain true color in your photographs. Comes in the handy portable Digital Field Guides size, perfect for camera bags. Create and capture the perfect lighting every time with *Lighting Digital Field Guide*. *The Moviemaking with Your*
